Meeting Date	9th July 2020		Agenda Item	6.2
Report Title	Losses and Special Payments Update			
Report Author	Andrew Biston, Head of Accounting & Governance			
Report Sponsor	Darren Griffiths, Interim Director of Finance			
Presented by	Andrew Biston, Head of Accounting & Governance			
Freedom of Information	Open			
Purpose of the Report	To provide the Audit Committee with an update on losses and special payments for the period 1 st April 2020 to 31 st May 2020 and provide an analysis of the gross losses for 1 st April 2020 to 31 st May 2020 compared to the period 1 st April 2019 to 31 st May 2019.			
Key Issues	<p>The losses and special payments recorded during the period 1st April to 31st May 2020 totalled £1,301,788 of which £1,018,293 is recoverable from the Welsh Risk Pool. Taking this recovery into account, the actual loss to the Health Board in the period totals £283,495.</p> <p>Of the losses and special payments made in the period a total of £253,650 related to cases pre 31st March 2019 for locations which transferred to Cwm Taf Morgannwg Health Board on 1st April 2019 of which the actual loss after recoveries are taken into account was £61,257.</p> <p>After the recoveries from Welsh Risk Pool are taken into account, the net loss of £283,495 to the Health Board for the period 1st April 2020 to 31st May 2020 is lower than the net loss of £385,617 for the comparable period 1st April 2019 to 31st May 2019</p>			
Specific Action Required (please ✓ one only)	Information	Discussion	Assurance	Approval

Recommendations	<p>Members are asked to:</p> <p>Note</p> <p>The losses and special payments made in the period which will need to be reported to the Board</p>			

1. INTRODUCTION

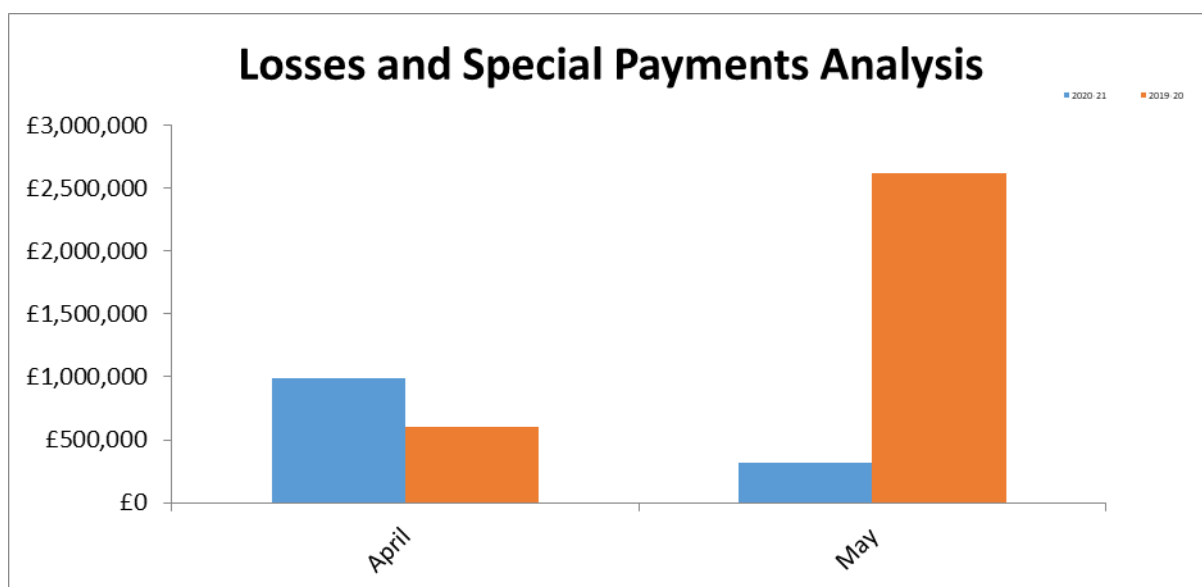

- 1.1. The Audit Committee handbook recommends that losses and special payments made by the Health Board be reported to the Audit Committee. This report addresses that requirement by providing an update on losses and special payments, for the period 1st April 2020 to 31st May 2020 and an analysis of the gross losses for 1st April 2020 to 31st May 2020 compared to the period 1st April 2019 to 31st May 2019.

2. BACKGROUND

- 2.1. The losses and special payments recorded during the period totalled £1,301,788, with the most significant payments relating to Clinical Negligence (£1,096,220), Redress (£118,326) and Personal Injury (£21,904). The remaining losses relate to losses arising as a result of write off of obsolete drug stock, ex gratia payments, loss of cash and bad debts written off.
- 2.2. These losses are detailed in **Appendices A to G** and are summarised in the table below:

Loss Type	Value £
Obsolete Drug Stock	3,668
Ex Gratia Payments	60,667
Loss of Cash	300
Bad Debt Written Off	702
Redress Payments	118,326
Clinical Negligence - Defence Fees	108,822
Clinical Negligence – Claimant Costs	423,681
Clinical Negligence – Damages	541,195
Clinical Negligence – CRU Payments	22,522
Personal Injury – Defence Fees	1,905
Personal Injury – Claimant Costs	2,536
Personal Injury - Damages	16,775
Personal Injury – CRU Payments	688
Total	1,301,788

- 2.3. As a result of the losses incurred during the period April to May 2020, the gross loss for the financial year to date amounts to £1,307,788 as compared to £3,227,890 for the period 1st April 2019 to 31st May 2019. The chart below analyses these losses and special payments on a month by month basis.

2.4. The graph above confirms that there will be variations in payments across the year with there being no discernible trend to when cases are settled. The reduction in payments in the period April to May this financial year compared to the same period in the last financial year (£1.920m) is mainly due to a large settlement of £1.780m in April 2019. For the period 1st April 2020 to 31st May 2020, there were no settlements over £500,000 in value.

2.5. As part of the transfer of assets and liabilities arising from the Bridgend boundary change, the transfer order included an exception to the principle that all assets and liabilities transfer for clinical negligence, personal injury and redress cases which were open prior to the date of transfer. Therefore this report includes payments on cases prior to 31st March 2019 for the Princess of Wales Hospital and will continue to do so until all those cases have closed, a process which will take several years. For the period April to May 2020, the gross losses split by the post boundary change location for these cases is shown in the table below, with the detail shown in **Appendices B, D and F** of this report.

Loss Type	Total (£)	Swansea Bay Locations (£)	Cwm Taf Morgannwg Locations (£)
Clinical Negligence	1,096,220	852,845	243,375
Personal Injury	21,904	14,129	7,775
Redress	118,326	115,826	2,500
Total	1,236,450	982,800	253,650

3. GOVERNANCE AND RISK ISSUES

- 3.1. This paper addresses the financial governance requirements for reporting Losses and Special Payments to the Audit Committee. The Health Board adheres to the authorisation process for such payments as prescribed in the Welsh Government Losses and Special Payments manual and Standing Financial Instructions ensuring sound financial governance for such payments
- 3.2. The clinical governance issues raised and lessons learned from previous claims are discussed as part of the clinical governance agenda and does not form part of this report to the Audit Committee.

4. FINANCIAL IMPLICATIONS

- 4.1. The financial implications associated with Losses and Special Payments for the Health Board comprise two elements. Firstly, there is the amount directly taken from the health budget by Welsh Government to fund the Welsh Risk Pool. This is supplemented by a risk sharing agreement across NHS Wales which requires additional contributions to be made from Health Boards and Trusts in the event that the amount required by Welsh Risk Pool exceeds this directly funded amount. In 2019/20 for the first time, this agreement was invoked due to the value of settlements exceeding the amount of the top sliced funding. The Swansea Bay share of the additional costs amounted to £0.639m which was actioned through a reduction in the health board's resource allocation. It is too early in the financial year to predict whether the risk sharing arrangement will be invoked for 2020/21.
- 4.2. The second implication is the net charge to the Health Board's resource limit of costs incurred which comprise the first £25,000 of all clinical negligence and personal injury claims, legal fees for redress claims which are not reimbursed under the Putting Things Right Scheme and the cost of all other losses and special payments.
- 4.3. With effect from 1st April 2019, Welsh Government introduced the GP Indemnity Scheme which is administered by Welsh Risk Pool but requires health boards to manage the scheme on a day to day basis. As the scheme covers only new clinical negligence claims cases lodged since 1st April 2019 against GP's, (claims prior to 1st April 2019 will continue to be managed by the Medical Defence bodies) the health board has not yet received any claims. As and when claims are lodged and payments made the payments will be reported through this report. The introduction of this scheme and the increased recording, monitoring and reporting requirements will have resource implications for the claims management and finance teams.
- 4.4. Of the £1,301,788 paid out in the period 1st April 2020 to 31st May 2020, £919,783 in respect of clinical negligence and personal injury claims and £98,510 in respect of redress claims is recoverable from the Welsh Risk Pool. Taking this recovery into account, the actual loss to the Health Board in the period totals £283,495, as summarised in the table below:

Losses & Special Payments	Amount £
Clinical Negligence	1,096,220
Personal Injury	21,904
Redress Payments	118,326
Obsolete Drug Stock	3,668
Ex Gratia Payments	60,667
Loss of Cash	300
Bad Debt Written Off	702
Sub Total	1,301,788
Less WRP Recovery	-919,783
Less Redress Payments Reimbursed by WRP	-98,510
Health Board Losses in the Period	283,495

- 4.5. Analysing this by location, the net cost to the health board split between those cases which are Swansea Bay cases and those pre 31st March 2019 cases relating to locations which have transferred to Cwm Taf Morgannwg Health Board is as detailed in the table below, which shows that £61,257 relates to cases prior to 31st March 2019 for locations which transferred to Cwm Taf Morgannwg Health Board on 1st April 2019.

Loss Type	Total (£)	Swansea Bay Locations (£)	Cwm Taf Morgannwg Locations (£)
Clinical Negligence	176,439	117,953	58,486
Personal Injury	21,904	19,133	2,771
Redress	19,816	19,816	0
Other Losses	65,336	65,336	0
Total	283,495	222,238	61,257

- 4.6. After the recoveries from Welsh Risk Pool are taken into account, the net loss totals £283,495 for the period 1st April 2020 to 31st May 2020 and £385,617 for the period 1st April 2019 to 31st May 2019.

5. RECOMMENDATIONS

- 5.1. The Audit Committee is asked to note the losses and special payments in the period of £1,301,788, of which £1,018,293 will be recovered from the Welsh Risk Pool (£919,783 in respect of clinical negligence and personal injury and £98,510 in respect of redress), leaving an actual loss to the Health Board in the period of £283,495.
- 5.2. The Audit Committee is also asked to note that of the £283,495 loss to the Health Board in the period, that £61,257 relates to cases pre 31st March 2019 for locations which transferred to Cwm Taf Morgannwg Health Board on 1st April 2019.

- 5.3. These losses and special payments will need to be reported to the Board and disclosed in the Health Board's Annual Accounts.

Quality, Safety and Patient Experience		
<p>Expenditure on losses and special payments arises as a result of clinical negligence resulting in harm to patients and is therefore reflective of poor quality and safety and patient experience. Similarly personal injury payments to patients, visitors and staff reflects poor procedures and management of the hospital environment. Ex-gratia payments also result in poor patient experience through the loss or damage to personal items.</p> <p>It is therefore imperative that the number and value of losses payments is reduced and the achievement of this reduction will result in improved quality, safety and patient experience.</p>		
Financial Implications		
The financial implications are detailed in the main body of the report.		
Legal Implications (including equality and diversity assessment)		
The legal aspects of clinical negligence, personal injury and redress cases are managed through the solicitors employed by Legal and Risk Services who form part of the NHS Wales Shared Services Partnership. The day to day administration of the claims is managed by the Patient Feedback Team within the health board, acting on the advice received from Legal and Risk Services.		
Staffing Implications		
Whilst there are no direct staffing implications associated with this report it must be noted that the change in the accounting treatment and the reimbursement process		

for redress claims has resulted in significant additional work for both the claims management and finance teams. This will only increase further as and when GP indemnity cases begin to be received following the introduction of this scheme on 1st April 2019.

Long Term Implications (including the impact of the Well-being of Future Generations (Wales) Act 2015)

The key issue for the “The Well-being of Future Generations (Wales) Act 2015, 5 ways of working is that loss payments and incidents of clinical negligence and personal injury reflect the fact that incidents which cause harm/loss have taken place. It is essential that the occurrence of such incidents is reduced through improved processes, governance and prevention in order to help the health board as a public body meet the objective of doing no harm.

Report History

This is a regular report to the Audit Committee in line with the agreed work plan.

Appendices

Appendices A to G provide the details of all losses and special payments made in the period 1st April 2020 to 31st May 2020.
