ANNUAL REPORT 2019-20**

**1. INTRODUCTION**

The Hosted Bodies Annual Report will provide an overview of the operations of the Emergency Medical Retrieval and Transfer Service (EMRTS Cymru) for the period 2019-20 and an outline of existing internal systems and controls, with a view to providing appropriate assurance to the host organisation, SB UHB.

**2. BACKGROUND**

As the first such report prepared by EMRTS, no key actions are required of members other than ensuring that the required systems and controls are in place.

**3. GOVERNANCE AND RISK ISSUES**

Existing governance arrangements and capacity to handle risk are covered within the report, including to note that EMRTS is represented at both the SB UHB Risk Management Group and Quality & Safety Committee.

Whilst there are no EMRTS risk on the HB Risk Register, a robust process is in place across the HB to ensure that an appropriate risk is escalated accordingly.

**4. FINANCIAL IMPLICATIONS**

The report does not seek to gain approval of recommendations and therefore there are no financial implications.

**5. RECOMMENDATION**

Members are asked to receive the first Hosted Bodies Report for the Emergency Medical Retrieval and Transfer Service and to note the governance arrangements that are in place.
