CORPORATE GOVERNANCE REPORT

1. INTRODUCTION

To report on corporate governance matters arising since the previous meeting.

2. BACKGROUND

There are a number of corporate governance matters which have to be reported to the board as a regular item in-line with standing orders. This report encompasses all such issues as one agenda item.

3. GOVERNANCE AND RISK ISSUES

i. **Transfer of responsibility for the Stop Smoking Wales Service from Public Health Wales NHS Trust to Local Health Boards.**

A letter received on the 30th September from Vaughan Gething AM, confirmed the decision to transfer responsibility for the delivery of the Stop Smoking Wales (SSW) service from Public Health Wales NHS Trust to Local Health Boards (LHBs), with effect from 1st October 2019. As a result of the transfer, LHBs will be responsible for the planning, organisation and delivery of all face-to-face smoking cessation services within their areas.

To retain the specialist expertise in the Stop Smoking Wales Service, those PHW employees currently providing face-to-face services will be transferred to the employment of the LHBs.

Public Health Wales NHS Trust will continue to provide the 'once-for-Wales' functions in the Help Me Quit system, including marketing, workforce training and development, and quality assurance and improvement, to support local delivery by LHBs.

The Welsh Ministers will continue to fund the transferred services, but will re-allocate the funding from PHW to each LHB, accordingly.

ii. **Matters Considered In-Committee**

In accordance with standing orders, the health board is required to report any decisions made in private session, to the next available public meeting of the board.

The following items during the in-committee board session in September 2019:

- **Key Issues Report from In-Committee Board Committee meetings** - a report on key issues discussed at recent meetings was received for assurance.
- **Sensitive Matters** – verbal reports on sensitive matters including Health and Safety Executive HSE recent visit, Operational Pressures and the Annual Plan 2019-20 were noted.
- **Transcatheter Aortic Valve Insertion TAVI** – a report providing an update in relation to the external review of TAVI was received for noting.

- **Brexit** – a report providing an update in relation to Brexit (Britain's exit from the European Union) was noted.
- **Ratification of Chairman's Action** - reports were received seeking ratification of Chairman's action for endoscopy insourcing and for clinical negligence.

The following items during the special in-committee board meeting in October 2019:

- **Major Trauma Network** - a briefing on the development of the programme business case for the major trauma network was noted
- **Financial Plan 2019-20** - it was noted that further work was to be undertaken to develop the financial plan for 2019-20;
- **Annual Plan 2019/20** – a report was received seeking approval of the annual plan 2019/20 unscheduled care and planned care trajectories.

iii. **Affixing the Common Seal**

In-line with standing orders, a routine report on documents to which the common seal has been affixed is required. Attached at **appendix 1** are details taken from the seal register. All documents have been signed by the Chairman or Vice-Chairman and an executive director or the Director of Corporate Governance, in line with the requirements.

iv. **Welsh Health Circulars (WHCs)**

Welsh Government issues WHCs around specific topics. The WHCs set out in **appendix 2** have been received since the last meeting and are available via the [Welsh Government website](#), where further details as to the risks and governance issues are available.

v. **Board Business Cycle**

At each meeting, the board receives copy of its business cycle which outlines the business planned for each meeting. This is at **appendix 3**.

4. FINANCIAL IMPLICATIONS

There are no financial implications arising within this report.

5. RECOMMENDATIONS

Members are asked to:

- **NOTE** the report

Quality, Safety and Patient Experience		
The common seal is applied to legal and official documents which develop services, buildings, processes and systems to enhance the way in which the health board functions and support and patients. In addition, Welsh health circulars provide advice, guidance and information relating to changes in process or services which work to enhance services.		
Financial Implications		
There are no financial implications associated with this report.		
Legal Implications (including equality and diversity assessment)		
The common seal is primarily used to seal legal documents such as transfers of land, lease agreements and other important/key contracts. The seal may only be fixed to a document if the board or committee of the board has determined it shall be completed under seal, or if a transaction to which the document relates has been approved by the board or committee of the board. Any legal implications relating to Welsh health circulars would be identified in the individual documents.		
Staffing Implications		
There are no staffing implications contained within this report.		
Long Term Implications (including the impact of the Well-being of Future Generations (Wales) Act 2015)		
Welsh health circulars provide advice, guidance and information relating to changes in process or services which work to enhance the way in which NHS Wales organisations function and would therefore potentially have individual long-term impacts.		
Report History	This report is a standard item on the board's business cycle.

Notes:

- ❖ These meetings are not part of the business cycle of the Board, these are development sessions but due to the timescales for Board Decision formal matters will be considered.

All items will be all considered in the 'Public' Meeting unless there is a justifiable reason why this should be considered in-committee

Annual General Meeting : Proposal this is a separate day to the Board Meeting and that a 'task and finish group' work through the options for the design of the AGM for agreement in September/October.
