Meeting Date	06 May 2021	Agenda Item	2.1
Report Title	Mental Health Act Activity Report: Jan - Mar 2021		
Report Author	Penny Cram		
Report Sponsor	David Roberts – Service Group Director		
Presented by	David Roberts – Service Group Director		
Freedom of Information	Open		
Purpose of the Report	The purpose of the paper is to present to the Mental Health Legislative Committee the quarterly Mental Health Act activity report, in relation to Hospital Managers' scheme of delegated duties under the Mental Health Act 1983 and the functions, including section 23.		
Key Issues	<p>The hospital managers must ensure that patients are detained only as the Act allows, that their care and treatment fully comply with it, and that patients are fully informed of, and supported in exercising their statutory rights.</p> <p>Hospital managers must also ensure that a patient's case is dealt with in line with other legislation which may have an impact, including the Human Rights Act 1998, Mental Capacity Act 2005 and Mental Health (Wales) Measure 2010.</p>		
Specific Action Required (please choose one only)	Information	Discussion	Assurance
	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Recommendations	<p>Members are asked to:</p> <ul style="list-style-type: none"> • NOTE this report 		

Mental Health Act Activity Report: Jan – Mar 2021

1. INTRODUCTION

The report provides assurance in respect of the work that has been undertaken by Mental Health and Learning Disabilities (MHLDD) Services during the quarter, that those functions of the Mental Health Act 1983 (the Act), which have been delegated to officers and staff under the policy for Hospital Managers' Scheme of Delegation, are being carried out correctly, and that the wider operation of the Act across the Health Board area is operating properly.

The hospital managers must ensure that patients are detained only as the Act allows, that their care and treatment fully comply with it, and that patients are fully informed of, and supported in exercising their statutory rights. Hospital managers must also ensure that a patient's case is dealt with in line with other legislation which may have an impact, including the Human Rights Act 1998, Mental Capacity Act 2005 and Mental Health (Wales) Measure 2010.

2. BACKGROUND

Mental Health Act 1983

An activity report, along with definitions of relevant sections of the Act is included below. This summarises key points of the use of the Act within SBU Health Board. Rates of detention under different sections of the Act typically fluctuate between each reporting period therefore, only significant points are highlighted.

KEY TO SECTIONS

Part 2 – Compulsory Admission to Hospital or Guardianship

- Section 5(4) Nurses Holding Power (up to 6 hours)
- Section 5(2) Doctors Holding Power (up to 72 hours)
- Section 4 Emergency Admission for Assessment (up to 72 hours)
- Section 2 Admission for Assessment (up to 28 days)
- Section 3 Admission for Treatment (6 months, renewable)
- Section 7 Application for Guardianship (6 months, renewable)
- Section 17A Community Treatment Order (6 months, renewable)

Part 3 - Patients Concerned with Criminal Proceedings or Under Sentence

- Section 35 Remand for reports (28 days, maximum 12 weeks)
- Section 36 Remand for treatment (28 days, maximum 12 weeks)
- Section 38 Interim Hospital Order (Initial 12 weeks, maximum 1 year)
- Section 47/49 Transfer of sentenced prisoner to hospital
- Section 48/49 Transfer of un-sentenced prisoner to hospital
- Section 37 Hospital or Guardianship Order (6 months, renewable)
- Section 37/41 Hospital Order with restriction (Indefinite period)
- Section 45A Hospital Direction and Limitation Direction
- CPI 5 Criminal Procedure (Insanity) & Unfitness to Plead (Indefinite period)

Part 10 – Miscellaneous and Supplementary

- Section 135(1) Warrant to enter and remove (up to 24 hours)
- Section 135(2) Warrant to enter and take or retake (up to 24 hours)
- Section 136 Removal to a place of safety (up to 24 hours)

Mental Health Act 1983 - Data Collection and Exception Reporting

The data below summarises some of the key points of the use of the Mental Health Act (1983) during the reporting period, together with comparison data for the previous 12-month period:

Detention under Section 5 – Holding Powers

Section 5(4) is used by mental health and learning disability nurses in mental health in-patient settings for up to 6 hours to allow for a further assessment to take place.

Section 5(4) was used on 1 occasion.

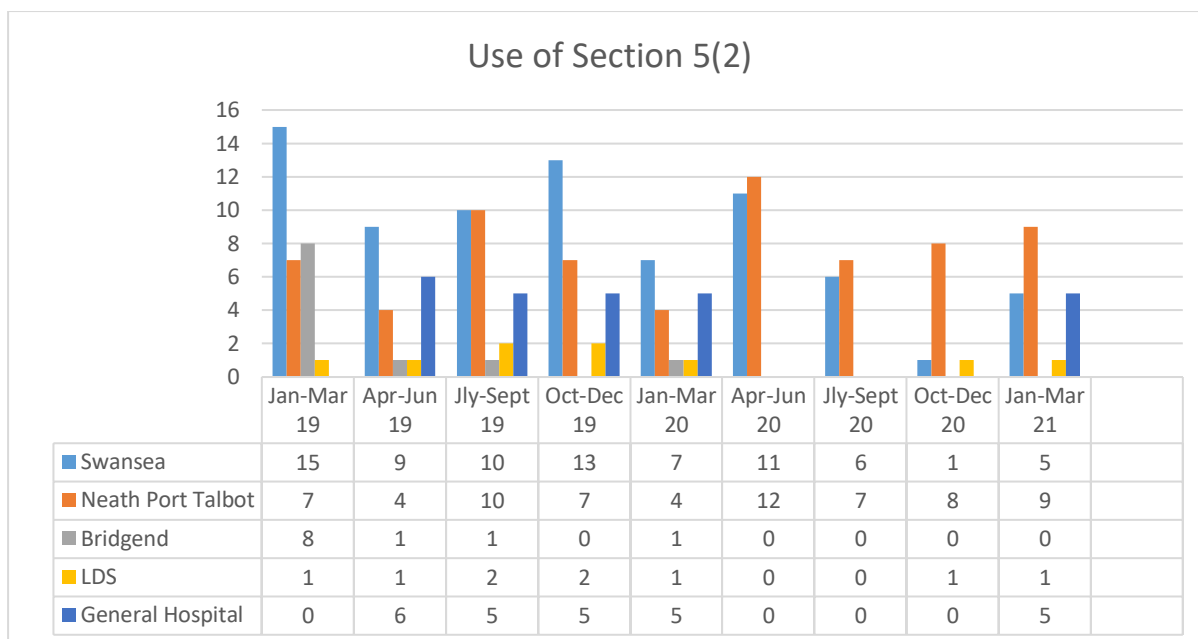

The graph above shows comparison data over 2 years

Section 5(2) is used by Doctors in both mental health and general hospital settings to detain an in-patient for up to 72 hours to allow for a mental health act assessment to take place.

Section 5(2) was used on 20 occasions.

Number of patient's subject to section 5(2) on general wards is more in keeping with activity levels between April 2019 - March 2020, as opposed to the 3 reporting periods April 2020 – December 2020. The latter being during the height of the Coronavirus pandemic.

Unfortunately, this activity has been associated with poor processes. The Mental Health Act Department is working with colleagues on the general wards to improve knowledge, understanding and compliance about the use of section 5(2).

The graph above shows comparison data over 2 years

Section 2 – Admission for Assessment

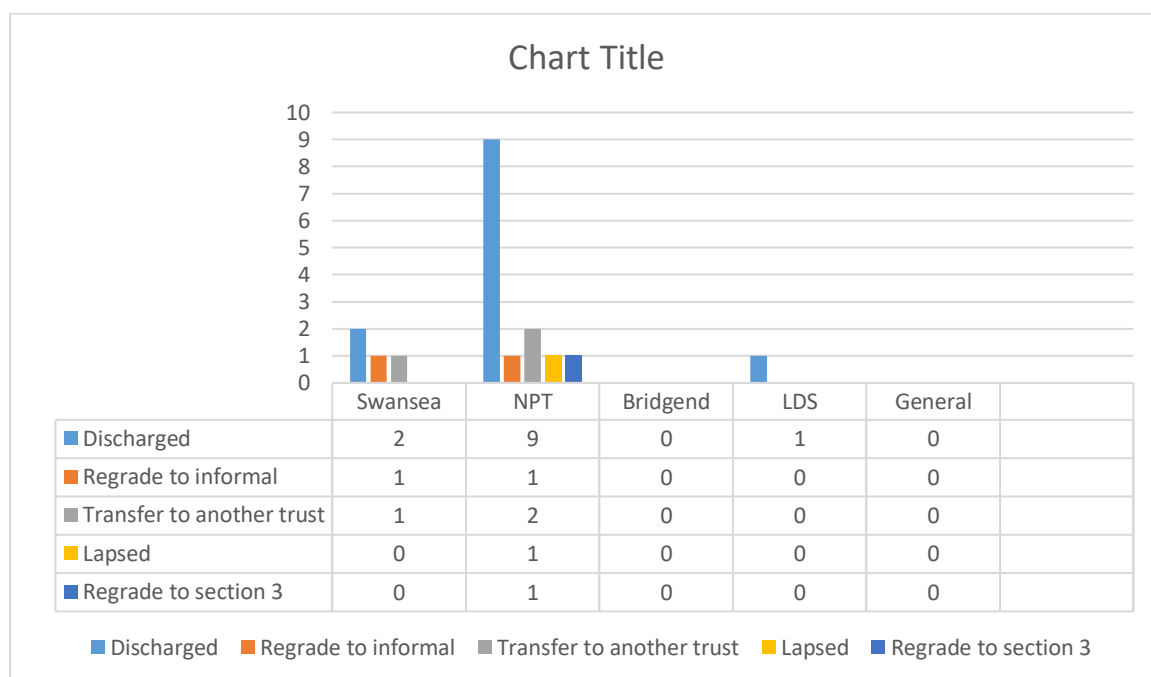

This section authorises the compulsory admission of a patient to hospital for assessment (or for assessment followed by medical treatment), for mental disorder, for up to 28 days.

Section 2 was used on 60 occasions.

The graph above shows comparison data over 2 years

Section 2 Outcome data: Jan – Mar 2021

Section 3 – Admission for Treatment

This section provides for the compulsory admission of a patient to hospital for treatment for mental disorder. The detention can last for an initial period of six months. Then can be renewed for up to a further 6 months after review – can then be renewed for periods of one year at a time.

Section 3 was used on 25 occasions.

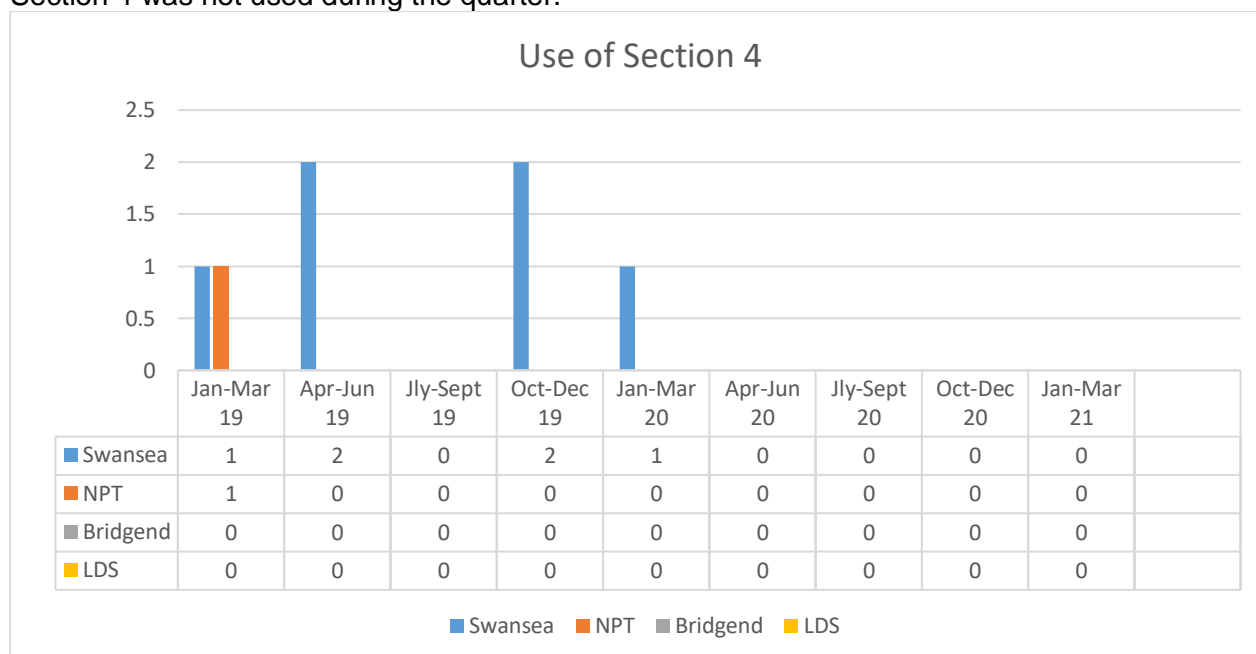

The graph above shows comparison data over 2 years

Section 4 – Emergency Admission for Assessment

The use of section 4 of the Mental Health Act 1983 is to enable an admission for assessment to take place in cases of urgent necessity. It should only be used to avoid an unacceptable delay and as such is infrequently used and specifically examined by Mental Health Act Managers when this is the case.

Section 4 was not used during the quarter.

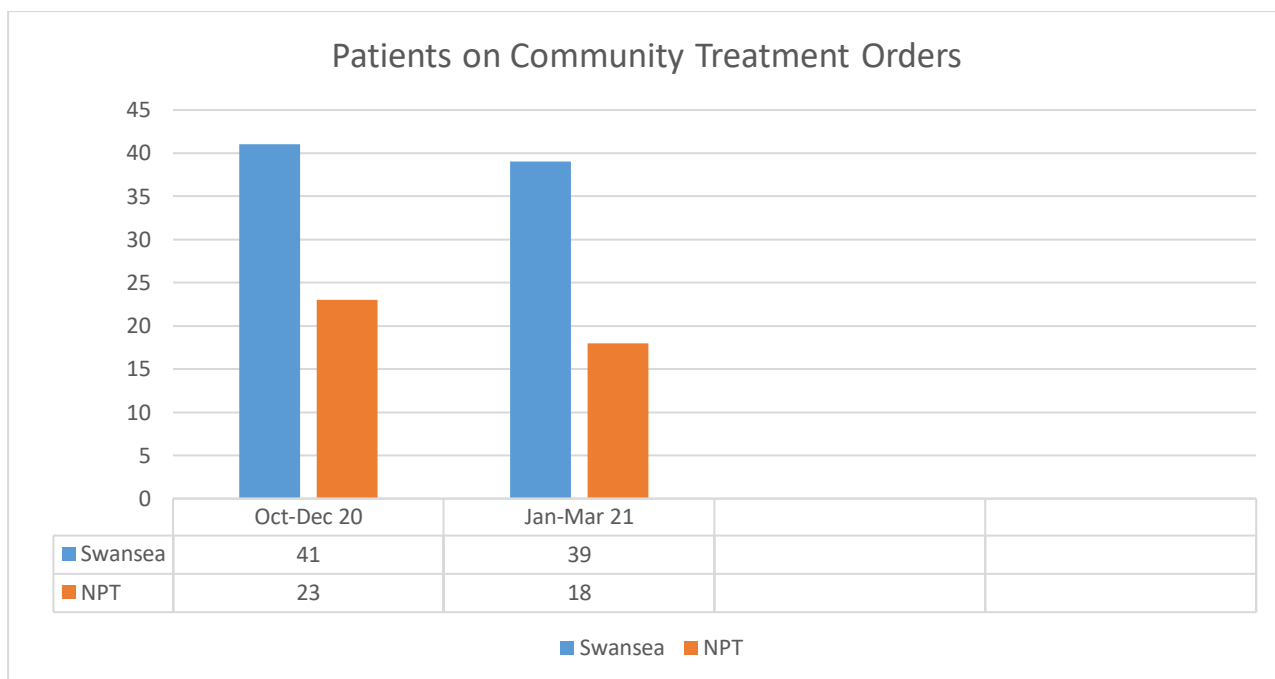

The graph above shows comparison data over 2 years

Admissions of under 18s

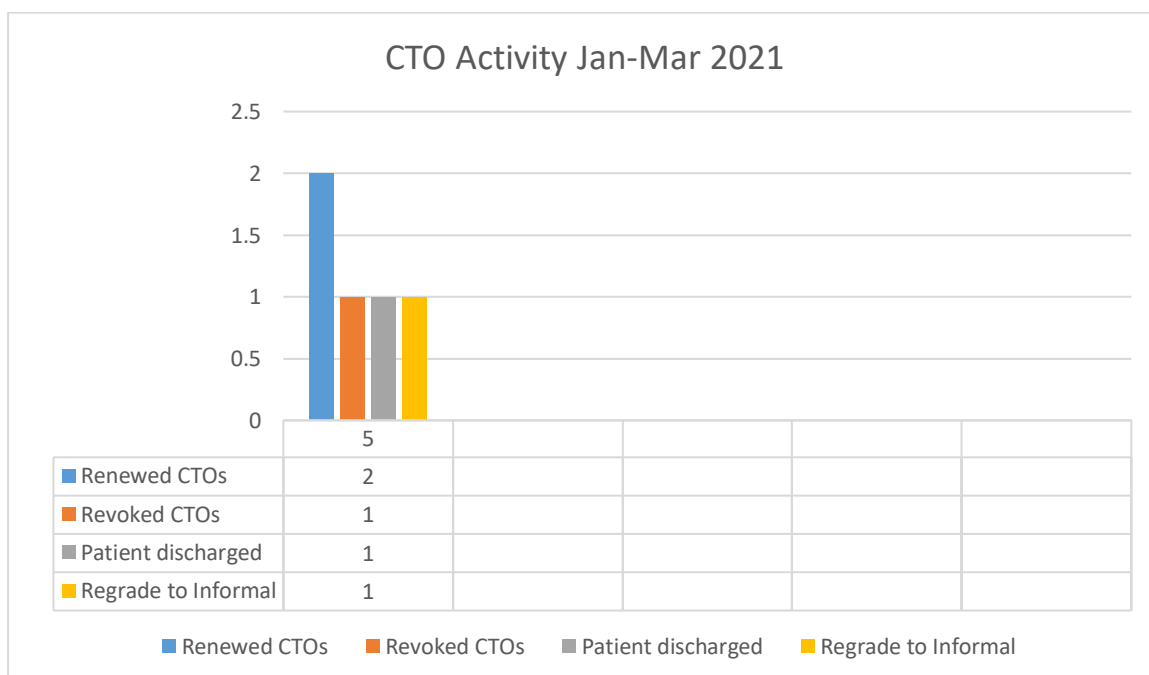

There were 3 admissions to the emergency CAMHS provision at Ward F, NPT, of those aged under 18 this this quarter. The length of stay varied between 1-5 days.

Section 17A – Community Treatment Order

This section provides a framework to treat, and safely manage certain eligible patients who have been detained in hospital for treatment, in the community, whilst still being subject to powers under the Act.

CTO Activity

Police powers to remove a person to a place of safety under Section 135 & 136

Section 135 (1) empowers a police officer to forcibly enter a property to look for and remove a person to a place of safety for assessment for a period of up to 72 hours. There was 1 section 135 warrant executed in this reporting period.

Section 135 (2) empowers a police officer to forcibly enter a property to look for and remove a detained patient who is absent without leave (AWOL) from hospital. If it is anticipated that

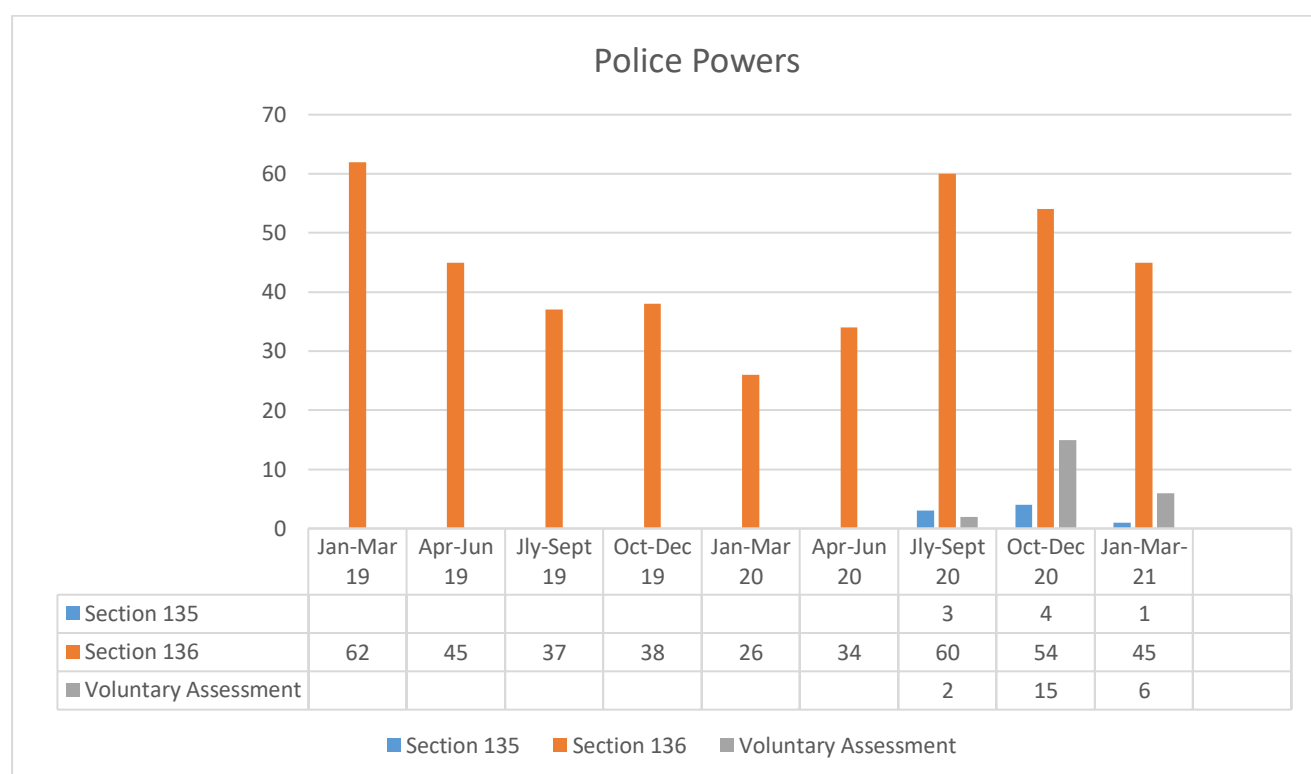

the person will allow entry to the property voluntarily, there is no need to obtain a warrant under section 135 (2).

Section 136 empowers a constable to remove a person from a public place to a place of safety if it is considered the person is suffering from mental disorder and is in immediate need of care or control.

There has been an 11% reduction in police use of section 136 since the previous reporting period – with 45 detentions.

There has been a 13% reduction in section 136 detentions between 2019/20 – 2020/21 – resulting in a cost saving to all key stakeholders of £423,000. This is due to the effective engagement with the MH Triage Team.

Police Powers

Deaths of detained patients

There was 1 death of a patient on CTO during the quarter.

Application for Discharge to Hospital Managers and Mental Health Review Tribunal

See graphs at Appendix 2 for data

Healthcare Inspectorate Wales (HIW) Visits to Mental Health & Learning Disabilities Units

Due to COVID 19 restrictions, HIW are not undertaking site visits at present. Instead they have introduced quality checks which entail the submission of written evidence, and an interview with the Ward Manager using Microsoft Teams.

No Tier 1 quality checks have taken place this quarter.

3. GOVERNANCE AND RISK ISSUES

Mental Health Act Team

An interim appointment has been made to the Post of Mental Health Act Team Manager with effect 6th November 2020 and extended to end of June 2021.

Substantive appointments have been made to the 2 outstanding vacancies in the department. Team members continue to work in a blended fashion of home & office based working in light of current Covid-19 workplace measures.

Scrutiny of Documents

Section 15 of the Act provides for certain admission documents, which are found to be incorrect or defective, to be rectified within fourteen days of the patient's admission. Rectification or correction is mainly concerned with inaccurate recording, and it cannot be used to enable a fundamentally defective application to be retrospectively validated.

Data Collection and Exception Reporting

Any exceptions highlighted in the Mental Health Act Activity Report are intended to raise awareness of matters relating to the functions of hospital managers and give assurance that the care and treatment of patients detained in Swansea Bay University Health Board, and those subject to a community treatment order is only as the Act allows.

Detention without authority or Invalid Detentions

There were 23 exceptions for this period, and no invalid detentions identified by the Mental Health Act Department. There were no breaches to the Mental Health Act for in-patients admitted to Swansea Bay UHB who are under the age of 18.

The number of errors is falling due to the educational work being undertaken by the Mental Health Act Team. MHA training has been delivered to student psychiatrists, and all staff from the new Mother & Baby Unit during this reporting period

Please see the graphs at Appendix 1 for exception data

4. RECOMMENDATION

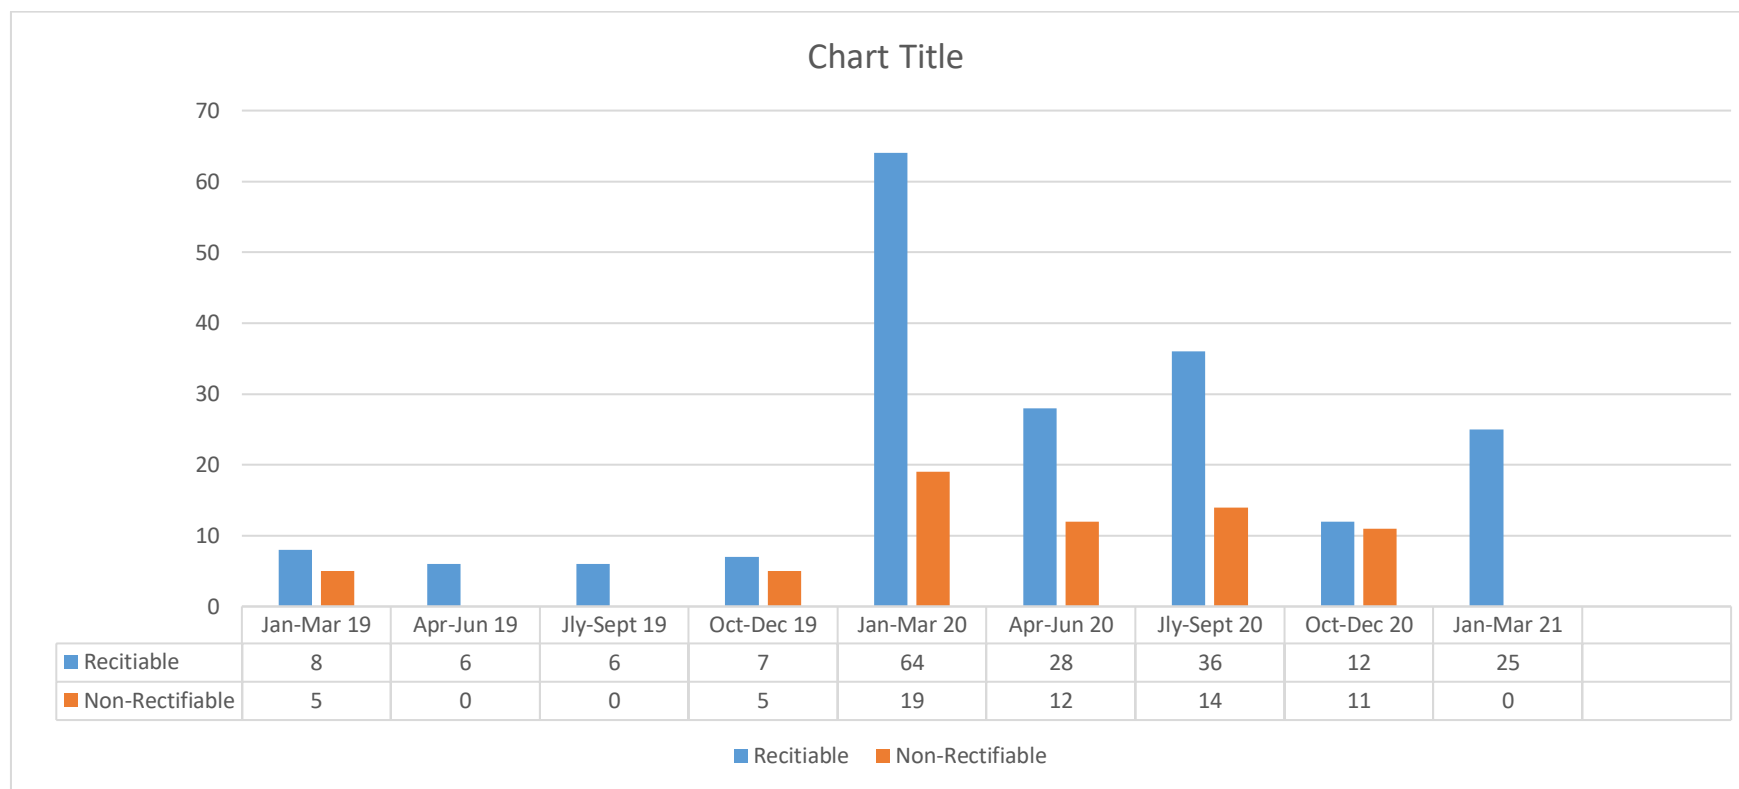

The Board is asked to:

- **NOTE** the report.

Governance and Assurance		
Link to Enabling Objectives (please choose)	Supporting better health and wellbeing by actively promoting and empowering people to live well in resilient communities
