HEALTH BOARD RISK REGISTER

August 2020

Aligning Risk with Swansea Bay University Health Board (SBUHB) Strategy

The Swansea Bay University Health Board (SBUHB) strategy is outlined in the figure below and all risks identified for inclusion on the Health Board Risk Register are mapped to our enabling objectives.

HEALTH BOARD RISK REGISTER

DASHBOARD OF ASSESSED RISKS – August 2020

Impact/Consequences	5				03: Workforce Recruitment of Medical and Dental Staff 04: Infection Control 51: Compliance with Nurse Staffing Levels (Wales) Act 2016 58: Ophthalmology Clinic Capacity 63: Screening for Fetal Growth Assessment in line with Gap-Grow (G&G) 65: CTG Monitoring in Labour Wards 69: Adolescents being admitted to Adult MH wards 70: Data Centre outages	16: Access to Planned Care Services 50: Access to Cancer Services 66: SACT Treatment 67: Target breeches to Radical Radiotherapy Treatment 68: Coronavirus Pandemic
	4				01: Access to Unscheduled Care Service 37: Operational and strategic decisions are not data informed 43: DOLS Authorisation and Compliance with Legislation 45: Discharge information 48: Child & Adolescence Mental Health Services 49: TAVI Service 57: Non-compliance with Home Office Controlled Drug Licensing requirements 61: Paediatric Dental GA Service – Parkway	39: IMTP Statutory Responsibility 60: Cyber Security 62: Sustainable Corporate Services 64: H&S Infrastructure 71: The total quantum for funding for addressing COVID-19 across Wales remains fluid and uncertain. 72: Impact of COVID-19 pandemic on the Health Board Capital Resource Limit and Capital Plan for 2020-21. 73: There is a potential for a residual cost base increase post COVID-19 as a result of changes to service delivery models and ways of working.
	3				13: Environment of Health Board Premises 27: Sustainable Clinical Services for Digital Transformation 36: Electronic Patient Record 41: Fire Safety Regulation Compliance 52: Engagement & Impact Assessment Requirements	15: Population Health Improvement 53: Compliance with Welsh Language Standards 54: No Deal Brexit

Likelihood						

Risk Register Dashboard

Strategic Objective	Risk Reference	Description of risk identified	Initial Score	Current Score	Trend	Controls	Last Reviewed	Scrutiny Committee
Best Value Outcomes from High Quality Care	1 (738)	Access to Unscheduled Care Service Failure to comply with Tier 1 target for Unscheduled Care could impact on patient and family experience of care.	25	16	→	↓	August 2020	Performance and Finance Committee
	4 (739)	Infection Control Failure to achieve infection control targets set by Welsh Government could impact on patient and family experience of care.	20	20	→	→	August 2020	Quality and Safety Committee
	13 (841)	Environment of HB Premises Failure to meet statutory health and safety requirements.	16	12	↓	↑	August 2020	Health and Safety Committee
	64 (2159)	Health and Safety Infrastructure Insufficient resource and capacity of the health, safety and fire function to maintain legislative and regulatory compliance.	20	20	→	→	August 2020	Health and Safety Committee
	16 (840)	Access to Planned Care Failure to achieve compliance with waiting times, there is a risk that patients may come to harm. Also, financial risk not achieving targets.	16	25	↑	→	August 2020	Performance and Finance Committee
	37 (1217)	Information Led Decisions Operational and strategic decisions are not data informed.	16	16	→	→	August 2020	Audit Committee

39 (1297)	Approved IMTP – Statutory Compliance If the Health Board does not have an approved IMTP signed off by Welsh Government, primarily due to the inability to align performance and financial plans it will remain in escalation status, currently “targeted intervention”.	16	20	↑	→	August 2020	Performance and Finance Committee
41 (1567)	Fire Safety Compliance Fire Safety notice received from the Fire Authority – MH&LD Unit. Uncertain position in regard to the appropriateness of the cladding applied to Singleton Hospital in particular (as a high rise block) in respect of its compliance.re safety regulations.	12	12	→	→	August 2020	Health and Safety Committee
43 (1514)	DoLS If the Health Board is unable to complete timely completion of DoLS Authorisation then the Health Board will be in breach of legislation and claims may be received in this respect.	16	16	→	→	August 2020	Quality and Safety Committee
48 (1563)	CAMHS Failure to sustain Child and Adolescent Mental Health Services (CAHMS).	16	16	→	→	August 2020	Performance and Finance Committee
49 (922)	Trans-catheter Aortic Valve Implementation (TAVI) Failure to provide a sustainable service for Trans-catheter Aortic Valve Implementation (TAVI)	25	16	↓	↑	August 2020	Quality and Safety Committee

	63 (1605)	Screening for Fetal Growth Assessment in line with Gap-Grow Due to the scanning capacity there are significant challenges in achieving this standard.	20	20	→	→	August 2020	Quality and Safety Committee
	50 (1761)	Access to Cancer Services Failure to sustain services as currently configured to meet cancer targets could impact on patient and family experience of care.	20	25	→	↑	August 2020	Performance and Finance Committee
	57 (1799)	Controlled Drugs Non-compliance with Home Office Controlled Drug Licensing requirements.	20	16	↓	→	August 2020	Audit Committee
	66 (1834)	Access to Cancer Services Delays in access to SACT treatment in Chemotherapy Day Unit	25	25	→	→	August 2020	Quality and Safety Committee
	67 (89)	Risk target breeches – Radiotherapy Clinical risk – Target breeches of radical radiotherapy treatment	16	25	→	→	August 2020	Quality and Safety Committee
	69 (1418)	Safeguarding Adolescents being admitted to adult MH wards	16	20	→	→	August 2020	Quality & Safety Committee
	71 (2448)	Finance The total quantum for funding for addressing COVID-19 across Wales remains fluid and uncertain.	20	20	→	→	August 2020	Performance and Finance Committee
	72 (2449)	Finance Impact of COVID-19 pandemic on the Health Board Capital Resource Limit and Capital Plan for 2020-21	20	20	→	→	August 2020	Performance and Finance Committee

	73 (2450)	Finance There is a potential for a residual cost base increase post COVID-19 as a result of changes to service delivery models and ways of working.			→	→	August 2020	Performance and
Excellent Staff	3 (843)	Workforce Recruitment Failure to recruit medical & dental staff	20	20	↓	↑	August 2020	Workforce and OD Committee
	51 (1759)	Nurse Staffing (Wales) Act Risk of Non Compliance with the Nurse Staffing (Wales) Act	16	20	↓	↑	August 2020	Workforce and OD Committee
	62 (2023)	Sustainable Corporate Services Health Board's Annual Plan and organisational strategy, and with the skills, capability, behaviours and tools to successfully deliver in support of the whole organisation, and to do so in a way which respects and promotes the health and well-being of our staff and their work-life balance.	20	20	→	→	August 2020	Workforce and OD Committee
Digitally Enabled Care	27 (1035)	Sustained Clinical Services Inability to deliver sustainable clinical services due to lack of digital transformation.	16	12	↓	→	August 2020	Audit Committee
	36 (1043)	Storage of Paper Records Failure to provide adequate storage facilities for paper records then this will impact on the availability of patient records at the point of care. Quality of the paper record may also be reduced if there is poor records management in some wards.	20	12	↓	→	August 2020	Audit Committee

	60 (2003)	Cyber Security – High level risk The level of cyber security incidents is at an unprecedented level and health is a known target.	20	20	→	→	August 2020	Audit Committee
	65 (329)	CTG Monitoring on Labour Wards Risk associated with misinterpreting abnormal CTG readings in delivery rooms.	20	20	→	→	August 2020	Quality & Safety Committee
	70 (2245)	National Data Centre Outages The failure of national systems causes severe disruption across NHS Wales, affecting Primary and secondary care services.	20	20	→	→	August 2020	Audit Committee

Partnerships for Improving Health and Wellbeing	58 (146)	Ophthalmology - Excellent Patient Outcomes There is a failure to provide adequate clinic capacity to support follow-up patients within the Ophthalmology specialty.	12	20	↑	→	August 2020	Quality and Safety Committee
	15 (737)	Population Health Targets Failure to achieve population health improvement targets leading to an increase in preventable disease amongst the population resulting in increased morbidity impacting on operational and financial pressures.	15	15	→	→	August 2020	Quality and Safety Committee
	68 (2299)	Pandemic Framework Risk of declared pandemic due to Coronavirus Infectious Disease outbreak 2020.	20	25	→	↑	August 2020	Quality and Safety Committee

	61 (1587)	Paediatric Dental GA Service – Parkway Identify alternative arrangements to Parkway Clinic for the delivery of dental paediatric GA services on the Morriston Hospital SDU site consistent with the needs of the population and existing WG and Health Board policies.	15	16	↑	→	August 2020	Quality and Safety Committee
Partnerships for Care	52 (1763)	Statutory Compliance The Health Board does not have sufficient resource in place to undertake engagement & impact assess in line with Statutory Duties	16	12	↓	↑	August 2020	Performance & Finance Committee
	53 (1762)	Welsh Language Standards Failure to fully comply with all the requirements of the Welsh Language Standards, as they apply to the University Health Board.	15	15	→	→	August 2020	Health Board (Welsh Language Group)
	54 (1724)	Brexit Failure to maintain services as a result of the potential no deal Brexit	15	15	→	→	August 2020	Health Board (Emergency Preparedness Resilience and Response Group)

Risk Schedules

Datix ID Number: 738 Health & Care Standard: 5.1 Timely Care		HBR Ref Number: 1 Target Date: 31 st March 2020																																								
Objective: Best Value Outcomes from High Quality Care		Director Lead: Chris White, Chief Operating Officer Assuring Committee: Performance and Finance Committee																																								
Risk: If we fail to comply with Tier 1 target – Access to Unscheduled Care then this will have an impact on patient and family experience. Challenges with capacity /staffing across the Health and Social care sectors.		Date last reviewed: August 2020																																								
Risk Rating (consequence x likelihood): Initial: 4 x 4 = 16 Current: 4 x 4 = 16 Target: 3 x 4 =12	 <table border="1"><caption>Risk Score and Target Score Data</caption><thead><tr><th>Month</th><th>Risk Score</th><th>Target Score</th></tr></thead><tbody><tr><td>Sep-19</td><td>20</td><td>12</td></tr><tr><td>Oct-19</td><td>20</td><td>12</td></tr><tr><td>Nov-19</td><td>20</td><td>12</td></tr><tr><td>Dec-19</td><td>25</td><td>12</td></tr><tr><td>Jan-20</td><td>25</td><td>12</td></tr><tr><td>Feb-20</td><td>25</td><td>12</td></tr><tr><td>Mar-20</td><td>25</td><td>12</td></tr><tr><td>Apr-20</td><td>16</td><td>12</td></tr><tr><td>May-20</td><td>16</td><td>12</td></tr><tr><td>Jun-20</td><td>16</td><td>12</td></tr><tr><td>Jul-20</td><td>16</td><td>12</td></tr><tr><td>Aug-20</td><td>16</td><td>12</td></tr></tbody></table>			Month	Risk Score	Target Score	Sep-19	20	12	Oct-19	20	12	Nov-19	20	12	Dec-19	25	12	Jan-20	25	12	Feb-20	25	12	Mar-20	25	12	Apr-20	16	12	May-20	16	12	Jun-20	16	12	Jul-20	16	12	Aug-20	16	12
				Month	Risk Score	Target Score

May-20	16	12																																								
Jun-20	16	12																																								
Jul-20	16	12																																								
Aug-20	16	12																																								
Level of Control = 50%	Rationale for current score: Due to current measures related to COVID 19 including the cancelled all non-urgent activity, Emergency Department and MIU attendance have reduced by nearly 50%, red call performance is at 65% and 4hr handover for the last 3 weeks has been in excess of 75%. Both Morriston and Singleton have predominantly been at risk level 1 for the past 2 months. It is recognised that this is not likely to be maintained as we go into the winter months and therefore remains a high risk.																																									
Date added to the HB risk register 26.01.16				Rationale for target score: The service delivery units have been implementing models of care that reflect National priorities and there is evidence that these are starting to impact positively on patient flow, length of stay and demand management. Workforce capacity issues continue to be challenging in some key specialty areas.																																						
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																								
- Programme management arrangements in place to improve Unscheduled Care performance. - Daily Health Board wide conference calls/ escalation process in place. - Regular reporting to Executive Team, Executive Board and Health Board/Quality and Safety Committee. - Increased reporting as a result of escalation to targeted intervention status. - Targeted unscheduled care investment to support changes to front door service models/ workforce redesign/ patient flow. - Weekly unscheduled care meeting implemented, led by COO and attended by Service Directors		Action	Lead	Deadline																																						
		Mobile unit to allowing cohorting of patients at entrance of Morriston ED to release ambulance crews.	Chief Operating Officer	30 th September 2020																																						
		Central management of patient flow across the health board to maintain effective patient movement across all sites	Chief Operating Officer	30 th September 2020																																						
		Phased implementation of the Acute Medical Services Redesign	Chief Operating Officer	30 th September 2020																																						
		National Unscheduled Care Programme - six goals for urgent and emergency care which will help winter preparedness.	Chief Operating Officer	30 th September 2020																																						
Assurances		Gaps in assurance																																								

(How do we know if the things we are doing are having an impact?) Executive monitoring/support to achieve improvement plans on a weekly basis.	(What additional assurances should we seek?) The need to deliver sustained service.
Current Risk Rating 4 x 4 = 16	Additional Comments Due to current measures related to COVID 19 including the cancelled all non-urgent activity, Emergency Department and MIU attendance have reduced by nearly 50%, red call performance is at 65% and 4hr handover for the last 3 weeks has been in excess of 75%. Both Morriston and Singleton have been risk level 1 for the past 2 weeks. It is recognised that this is not likely to be maintained and therefore remains a high risk. 23.4.20

Datix ID Number: 739 Health & Care Standard: 2.4 Infection Prevention & Control & Decontamination		HBR Ref Number: 4 Target Date: 31st March 2021																																								
Objective: Best Value Outcomes from High Quality Care		Director Lead: Christine Williams, Interim Director of Nursing and Patient Experience Assuring Committee: Quality and Safety Committee																																								
Risk: Failure to achieve infection control targets set by Welsh Government, increase risk to patients and increased costs associated with length of stays.		Date last reviewed: August 2020																																								
Risk Rating (consequence x likelihood): Initial: 4 x 5 = 20 Current: 4 x 5 = 20 Target: 4 x 3 =12	 <table><caption>Graph Data: Risk Score vs Target Score</caption><thead><tr><th>Month</th><th>Target Score</th><th>Risk Score</th></tr></thead><tbody><tr><td>Sep-19</td><td>12</td><td>20</td></tr><tr><td>Oct-19</td><td>12</td><td>20</td></tr><tr><td>Nov-19</td><td>12</td><td>20</td></tr><tr><td>Dec-19</td><td>12</td><td>20</td></tr><tr><td>Jan-20</td><td>12</td><td>20</td></tr><tr><td>Feb-20</td><td>12</td><td>20</td></tr><tr><td>Mar-20</td><td>12</td><td>20</td></tr><tr><td>Apr-20</td><td>12</td><td>20</td></tr><tr><td>May-20</td><td>12</td><td>20</td></tr><tr><td>Jun-20</td><td>12</td><td>20</td></tr><tr><td>Jul-20</td><td>12</td><td>20</td></tr><tr><td>Aug-20</td><td>12</td><td>20</td></tr></tbody></table>	Month	Target Score	Risk Score	Sep-19	12	20	Oct-19	12	20	Nov-19	12	20	Dec-19	12	20	Jan-20	12	20	Feb-20	12	20	Mar-20	12	20	Apr-20	12	20	May-20	12	20	Jun-20	12	20	Jul-20	12	20	Aug-20	12	20	Rationale for current score: Currently under targeted intervention for rates of infection, achievement of targets are variable with monthly fluctuations

Jul-20	12	20																																								
Aug-20	12	20																																								
Level of Control = 40%	Rationale for target score: Once the infection control team is fully recruited to, ICNet is functioning to its full capability the infection control team will be able to support the clinical areas more and drive service improvements. In addition, a negative pressure isolation facility is being built into the new emergency department at Morriston hospital providing another facility to appropriately manage patients at the front door. Review and implementation of a robust clean of patient rooms following an infection will reduce the risk of cross infection.																																									
Date added to the HB risk register January 2016																																										
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																								
- Regular monitoring on infection rates - Policies, procedures and guidelines in place - Regular reporting through internal processes - ICNet information management system for infections is in place - Infection control team support the clinical teams for issues relating to infection control - A permanent infection control doctor has been recruited - Recruitment is ongoing and the decontamination lead and assistant director of nursing in infection control have been appointed - Bug stop quality improvement programme - Incident reporting		Action	Lead	Deadline																																						
		Ongoing infection control team involvement in site level estates projects to ensure appropriate isolation facilities are factored in from the outset	Senior Infection Control Matron	30 th September 2020																																						
Assurances (How do we know if the things we are doing are having an impact?) Ongoing monitoring of infection control rates and feedback provided to delivery units		Gaps in assurance (What additional assurances should we seek?) ICNet provides information linked with PAS relating to patients who have been inpatients since the connection was made therefore additional manual records are maintained by the infection control team creating additional work and some																																								

• Infection Control Committee monitors infection rates and identifies key actions to drive improvement • Sub groups to the infection control committee such as the decontamination group provide the assurances and operationally drive key areas of work. • Clear assurance framework in place at Corporate level with Health Board Infection Prevention & Control Committee, Health Board C. difficile Infection Improvement Group; Corporate Infection Prevention & Control Nursing Team; Water Safety Group; and Directly Managed Unit Infection Prevention & Control Groups. • Incident reporting • Root Cause Analysis to ensure monitoring and lessons continued to be learned from HCAI.	duplication.
Current Risk Rating 5 x 4 = 20	Additional Comments Significant progress to date however trajectory not met overall. Work underway on recruitment to IPC, a work plan to improve practice and improved information available for reporting, oversight and also investigation. 13/06/19 Continue to make progress against annual IMTP profiles, however, incidence within the Health Board remains above that for the NHS in Wales. Recruitment to Matron IPC post on 03/06/19. Work in progress to improve incident reporting in relation to infections and pilot to commence on post infection review process. Appropriate environmental decontamination resource to be identified and staff trained in its appropriate use. Compliance with IPC standard precautions and ANTT training and competence needs to be improved. A review of cleaning of shared equipment such as beds, commodes is required to reduce risks of transmission. Increase in cleaning hours across the Units is required to meet national minimum standards. Dedicated protected decant facilities are required for each Unit to ensure appropriate cleaning. Sufficient isolation rooms required to manage patient's appropriately. Estate needs to be updated and maintained to reduce risks. IPCC resources required to support community and primary care. Increase numbers of PIs on the last two months. HB over trajectory on a number of the TI Tier 1 targets. Increased level of risk due to insufficient domestic hours at Singleton hospital and significant vacancies at Morrison, lack of decant facilities, over occupancy in bays. Approved for increase in establishment at IBG in October 2019. 4 new posts approved. Now within VCP Process plus 1 existing band 6 vacancy. All 5 posts to be advertised in January 2020. Although there has been some improvement against TI Tier 1 targets, it is challenging to sustain. PII currently at Morriston Hospital. Reduction initiatives are compromised by over-crowding of wards as a result of increased activity, over-

	occupancy, staff vacancies, and where activity levels are such that it is not possible to decant bays to effectively clean patient areas where there have been infections. From an All Wales perspective, not yet achieving NHS Wales Infection Reduction Expectations. 26.05.20 - Incidence of C. difficile infection has been increasing over the last 7 months from an average of 11 cases per month to an average of 13 cases per month. The Welsh Government target is <8 cases per month. There has been an improvement in E. coli and Klebsiella bacteraemia cases, but these are still above the Welsh Government targets. 09.07.20 - incidence of C. difficile has increase further to an average of 16 cases per month in the first quarter (this is double the Welsh Government monthly expectation). The incidence of Staph. aureus bacteraemia also is higher than Welsh Government expectations, however, there continues to be reductions in E. coli and Klebsiella bacteraemia cases. Public Health Wales will make C. difficile genomic results available to the Health Board (current anticipated date Sept. 2020). This may facilitate a better understanding of the epidemiology of this infection within the Health Board. 01.04.20 - recruitment underway 18.08.20 - recruitment now complete. All staff now in post and on induction.
--	--

Datix ID Number: 841 Health & Care Standard: Safe Care 2.1 Managing Risk & Promoting Health & Safety		HBR Ref Number: 13 Target Date: 31 st March 2021																																								
Objective: Best Value Outcomes		Director Lead: Chris White, Chief Operating Officer Assuring Committee: Health and Safety Committee																																								
Risk: Health & Safety Compliance – Environment of Premises. Risk relates to compliance in terms of appropriate accommodation in line with Health and Safety Regulations.		Date last reviewed: August 2020																																								
Risk Rating (consequence x likelihood): Initial: 4 x 4 = 16 Current: 4 x 3 =12 Target: 4 x 3 = 12 Level of Control = 90% Date added to the HB risk register April 2012	 <table border="1"><caption>Risk Score and Target Score Data</caption><thead><tr><th>Month</th><th>Risk Score</th><th>Target Score</th></tr></thead><tbody><tr><td>Sep-19</td><td>12</td><td>12</td></tr><tr><td>Oct-19</td><td>12</td><td>12</td></tr><tr><td>Nov-19</td><td>12</td><td>12</td></tr><tr><td>Dec-19</td><td>12</td><td>12</td></tr><tr><td>Jan-20</td><td>12</td><td>12</td></tr><tr><td>Feb-20</td><td>12</td><td>12</td></tr><tr><td>Mar-20</td><td>12</td><td>12</td></tr><tr><td>Apr-20</td><td>12</td><td>12</td></tr><tr><td>May-20</td><td>12</td><td>12</td></tr><tr><td>Jun-20</td><td>12</td><td>12</td></tr><tr><td>Jul-20</td><td>12</td><td>12</td></tr><tr><td>Aug-20</td><td>12</td><td>12</td></tr></tbody></table>	Month	Risk Score	Target Score	Sep-19	12	12	Oct-19	12	12	Nov-19	12	12	Dec-19	12	12	Jan-20	12	12	Feb-20	12	12	Mar-20	12	12	Apr-20	12	12	May-20	12	12	Jun-20	12	12	Jul-20	12	12	Aug-20	12	12	Rationale for current score: HSE issued ten improvement notices. Lack of accommodation to meet statutory/health and safety requirements could have an adverse impact citizens, staff, financial and operational performance. Rationale for target score: Risk assessments of premises.

Develop BJC's to improve the infrastructure of the 3 acute hospital sites (not including NPTH).	Asst Director Operations	30 th September 2020																																								
Assurances (How do we know if the things we are doing are having an impact?) - The Cabinet Secretary for Health & Social Services has now set the initial pipeline of health and care centres to be delivered by 2020-21. - The following projects have been identified for your Health Board including: Penclawdd Health Centre - refurbishment/redevelopment proposal (£0.800m at 16-17 prices) Murton Community Clinic – refurbishment/redevelopment proposal (£0.400m at 16-17 prices) Bridgend Town Centre Primary Care Centre – new build development (£5.000m at 16-17 prices); and Swansea Wellness Centre – new build development (£10.000m at 16-17 prices). The figures above represent the funding ceiling identified for the schemes. All of the above projects have been identified within the capital pipeline, and we are in the stage of awaiting approval from the Welsh Government for each business cases applicable as soon as possible		Gaps in assurance (What additional assurances should we seek?)																																								
Current Risk Rating 4 x 3 = 12		Additional Comments Facet Five report on requirements for sites to be presented to Health & safety committee March 3rd.																																								

Datix ID Number: 840 Health & Care Standard: 5.1 Timely Care		HBR Ref Number: 16 Target Date: 31st March 2021																																									
Objective: Best Value Outcomes from High Quality Care		Director Lead: Chris White, Chief Operating Officer Assuring Committee: Performance and Finance Committee																																									
Risk: Access and Planned Care. If we fail to achieve compliance with waiting times there is a risk that patients may come to harm. Further, the health board will face financial risk with Welsh Government if the agreed target is not met.		Date last reviewed: August 2020																																									
Risk Rating (consequence x likelihood): Initial: 4 x 4 = 16 Current: 5 x 5 = 25 Target: 4 x 2 = 8 <table><caption>Risk Score and Target Score Data</caption><thead><tr><th>Month</th><th>Risk Score</th><th>Target Score</th></tr></thead><tbody><tr><td>Sep-19</td><td>20</td><td>8</td></tr><tr><td>Oct-19</td><td>20</td><td>8</td></tr><tr><td>Nov-19</td><td>20</td><td>8</td></tr><tr><td>Dec-19</td><td>20</td><td>8</td></tr><tr><td>Jan-20</td><td>20</td><td>8</td></tr><tr><td>Feb-20</td><td>20</td><td>8</td></tr><tr><td>Mar-20</td><td>20</td><td>8</td></tr><tr><td>Apr-20</td><td>25</td><td>8</td></tr><tr><td>May-20</td><td>25</td><td>8</td></tr><tr><td>Jun-20</td><td>25</td><td>8</td></tr><tr><td>Jul-20</td><td>25</td><td>8</td></tr><tr><td>Aug-20</td><td>25</td><td>8</td></tr></tbody></table>		Month	Risk Score	Target Score	Sep-19	20	8	Oct-19	20	8	Nov-19	20	8	Dec-19	20	8	Jan-20	20	8	Feb-20	20	8	Mar-20	20	8	Apr-20	25	8	May-20	25	8	Jun-20	25	8	Jul-20	25	8	Aug-20	25	8	Rationale for current score: The cancellation of all non-urgent activity has increased the backlog of planned care cases across the organisation. Whilst mitigating measures such as virtual clinics have been put in place new referrals are still being accepted which is adding to the outpatient volumes. The significant reduction in theatre activity is obviously increasing the number of patients now breaching 36 and 52 week thresholds.

Level of Control = 90%		Rationale for target score: There is scope to reduce the likelihood score to reduce the Risk to an acceptable level																																									
Date added to the HB risk register January 2013																																											
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																									
- Weekly RTT meetings in place - Outsourcing additional capacity - NHS Wales Delivery Unit support provided in house and also support to the RTT meetings - Treat in Turn tools operationalised - Cohort tools operationalised - Support from Cwm Taf re backfill - Support from NPTH re additional orthopaedic waiting lists - Theatre group considering how to increase throughput through theatres - Additional staff training and recruitment (along with short term agency) to increase resilience of Morriston elective theatre		Action	Lead	Deadline																																							
		Develop sustainability plans for specialties through the emerging Clinical Services Plan	Head of IMPT Development	30 th November 2020																																							
		Patient Prioritisation and Management	Associate Director Performance	30 th November 2020																																							
		Development of a whole system model for NPTH as a centre for Orthopaedic and Spinal services, to include the scoping of ambulant trauma options and capital requirements	Service Directors	30 th November 2020																																							
		Scope and undertake an option appraisal process for a PACU model at Singleton and NPTH to support enhanced care complexity	Service Directors	30 th November 2020																																							
Assurances (How do we know if the things we are doing are having an impact?) - Recover of specialties to profiled levels - Outsourcing volumes confirmed by providers - Increased Treat in Turn rates and cohort appointment		Gaps in assurance (What additional assurances should we seek?)																																									

Reduction in overall waiting long waiting volumes	
Current Risk Rating 5 x 5 = 25	Additional Comments The cancellation of all non-urgent activity due to COVID-19 has increased the backlog of planned care cases across the organisation. Whilst mitigating measures such as virtual clinics have been put in place new referrals are still being accepted which is adding to the outpatient volumes. The significant reduction in theatre activity is obviously increasing the number of patients now breaching 36 and 52 week thresholds.

Level of Control = 70%	Rationale for current score: C – Opportunity cost of not acting on data could mean opportunities for improvement are missed, failures are not identified in a timely manner resulting in adverse national publicity and/or delays in care/increased length of stay. L - Dashboard utilisation is lower than would be anticipated																																									
Date added to the HB risk register June 2016	Rationale for target score: C- will remain the same or increase due to increased reliance in information L- Investment in BI will lead to more information be available and used. The higher the use of information at operational level will lead to better quality data.																																									
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																								
- COVID19 Dashboards Developed and are being used to inform the decision making process at Gold - Strategy developed but not presented to Board due to COVID19 - The Health Board has continued to invest in the provision of Dashboards and we have doubled our licensing stock for both QlikSense and QlikView Business Intelligence Platforms in 2018/19. 17 dashboards in place including Mortality, Clinical Variation and Primary & Community Care Delivery Unit Dashboard and Ward Dashboard - Safety Huddle implemented in Morriston is improving data quality and improving operational working - Business Intelligent Information Manager appointed, who will take the lead for creating a Business Intelligence Strategy and Implementation Plan - Investment and revised ways of working introduced within the coding department have achieved coding targets and data quality - Flexible operational management of Coding Teams on a daily basis to cope with demand. Training programme in place for new coders. - Short term funding secured at year end to support mtg tier 1 targets, does not resolve ongoing issues - Information Dept. working with service leads in Planning and Finance to develop meaningful indicators also utilising dashboards to present information in a user friendly way		Action	Lead	Deadline																																						
		Investment and implementation of system to record patient outcome measures	Assist Information Business Manager	24 th September 2021																																						
		Produce Business Intelligence Strategy and get signed off by the Board	Assist Information Business Manager	23 rd October 2020																																						
		Produce BI strategy implementation plan outlining investment requirements in capacity and capability	Assist Information Business Manager	22 nd January 2021																																						

• New technologies being reviewed for advanced analytics and integration into a new Health Board analytics platform. • Ensuring that the Health Board has representation on national groups such as the newly formed Advanced Analytics Group (AAG), all Wales Business Intelligence and Data Warehousing Group and Welsh Modelling Collaborative.			
Assurances (How do we know if the things we are doing are having an impact?) More evidence based and proactive decisions being made. Dashboard technology; assist in developing indicators / triangulating information to identify issues	Gaps in assurance (What additional assurances should we seek?) Culture of the organisation needs to change to focus on information and Business intelligence for operational rather than reporting purposes. Capability of operational staff to utilise the tools and capacity to act on the intelligence provided.		
Current Risk Rating 4 x 4 = 16	Additional Comments PROMS currently being collected in Lung Cancer (Morrison) August 2019, Cataracts August 2019, Hip & Knee (Morrison) November 2018, and Breast Cancer June 2019 using PKB. Also Heart failure, April 2019, in one Community Clinic. COVID19 Dashboards Developed and are being used to inform the decision making process at Gold 13.08.20 – Please note amended timescales against the actions.		

Datix ID Number: 1297		HBR Ref Number: 39																																								
Health & Care Standard: Safe Care 2.1 Managing Risk & Promoting Health & Safety		Target Date: 31st March 2021																																								
Objective: Demonstrating Value and Sustainability Risk in Brief: If the Health Board fails to have an approvable IMTP for 2018/19 then we will lose public confidence and breach legislation.		Director Lead: Sian Harrop-Griffiths, Director of Strategy Assuring Committee: Performance and Finance Committee / Strategy, Planning and Commissioning Group Health Board																																								
Risk: Operational and strategic decisions are not data informed:- Health Board does not have an IMTP signed off by WG, primarily due to the inability to align performance and financial plans. WG also advised that the Health Board needed to have a clear strategic direction by developing an Organisational Strategy and refreshing our Clinical Services Plan. In September 2016, the Health Board was escalated to 'targeted intervention' and having an approved IMTP is a key factor in improving our WG monitoring status.		Date last reviewed: August 2020																																								
Risk Rating (consequence x likelihood): Initial: 4 x 4 = 16 Current: 5 x 4 = 20 Target: 4 x 2 = 8	 <table border="1"><caption>Risk Rating Data</caption><thead><tr><th>Month</th><th>Risk Score</th><th>Target Score</th></tr></thead><tbody><tr><td>Sep-19</td><td>20</td><td>8</td></tr><tr><td>Oct-19</td><td>20</td><td>8</td></tr><tr><td>Nov-19</td><td>20</td><td>8</td></tr><tr><td>Dec-19</td><td>20</td><td>8</td></tr><tr><td>Jan-20</td><td>20</td><td>8</td></tr><tr><td>Feb-20</td><td>20</td><td>8</td></tr><tr><td>Mar-20</td><td>20</td><td>8</td></tr><tr><td>Apr-20</td><td>20</td><td>8</td></tr><tr><td>May-20</td><td>20</td><td>8</td></tr><tr><td>Jun-20</td><td>20</td><td>8</td></tr><tr><td>Jul-20</td><td>20</td><td>8</td></tr><tr><td>Aug-20</td><td>20</td><td>8</td></tr></tbody></table>			Month	Risk Score	Target Score	Sep-19	20	8	Oct-19	20	8	Nov-19	20	8	Dec-19	20	8	Jan-20	20	8	Feb-20	20	8	Mar-20	20	8	Apr-20	20	8	May-20	20	8	Jun-20	20	8	Jul-20	20	8	Aug-20	20	8

Level of Control = 70%																																										
Date added to the HB risk register July 2017																																										
Rationale for current score: Our Organisational Strategy was approved by the Board in November 2018 This Annual Plan includes a balanced financial plan. We have agreed with Welsh Government that we will continue our detailed planning and submit an approvable IMTP when ready. We have continued the work from January onwards on our detailed plans to submit an approvable IMTP when ready.		Rationale for target score: If the IMTP is approved it is likely our targeted intervention status will be improved when next reviewed and the risk can be closed.																																								
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																								
- Organisational Strategy approved by the Board in November 2018 - Clinical Services Plan approved by the Board in January 2019 - Annual Plan submitted to Board and approved in January for submission to Welsh Government, accepted as a draft - Good feedback received on the document. - Due to the complexities of the Bridgend transfer, the CEOs of CTM and SB UHBs have formally asked WG for support to resolve the issues and formal arbitration process was initiated by WG. - The results of the arbitration is now received as is the outcome of the Due Diligence Review. - The Transformation Programme to deliver the Organisational Strategy and CSP including programme approach was established in April 2019 - Continuous planning through our CSP Programme and IMTP process will work up detailed plans to develop an integrated three year plan in line with the national timescales. - The new Operating Model and Delivery Support Team will contribute to delivery of the financial plan. - An Annual Plan in a three-year context was submitted to Board and approved in March 2020 for submission to Welsh Government, accepted as a record of progress		Action	Lead	Deadline																																						
		IMTP development for 2020 -23 to test approvability with Performance Finance Committee.	Director of Strategy and Director of Finance	30 th December 2020																																						
		Final plan to be submitted to Board for approval for submission to WG.	Director of Strategy	31 st December 2020																																						

• Good feedback received on the document. • National IMTP Processes suspended in March due to the Covid-19 outbreak – and remain suspended • Quarterly Operational Plans developed and submitted in line with national guidance			
Additional Comments IMTP Executive Steering Group in place for development of the integrated medium term plan. Integrated Planning Group in place to co-ordinate Transformation and planning activities and approaches • Performance and Finance Plans are be assured by the P&F Committee before presentation to Board •Through monthly IMTP briefings, TI meetings and bi-annual JET meeting with WG – planning approach and emerging plans discussed and WG fully supportive of the direction of travel.	Gaps in assurance (What additional assurances should we seek?) EIA in development for PFC assurance QIAs in development for joint PFC/Q&S assurance		
Current Risk Rating 4 x 5 = 20	Additional Comments Need to note that P&F only looks at finance and performance, not the whole IMTP approval – that sits with Board. The W&OD Committee eg reviews the workforce plan.

Risk: Fire Regulation Compliance – one improvement notice received relating to MH&LD Unit. Uncertain position in regard to the appropriateness of the cladding applied to Singleton Hospital in particular (as a high rise block) in respect of its compliance with fire safety regulations.		Date last reviewed: August 2020		
Risk Rating (consequence x likelihood): Initial: 5 x 3 = 15 Current: 4 x 3 = 12 Target: 3 x 3 = 9		Rationale for current score: Improvement notice in relation to MH&LD Unit. Uncertain position in regard to the appropriateness of the cladding applied to Singleton Hospital in particular (as a high rise block) in respect of its compliance with fire safety regulations. General compliance with fire regulations and WHTM/WHBN requirements		
Level of Control = 50%		Rationale for target score: Target Score should be lower		
Date added to the HB risk register 31/05/2018				
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)		
- Fire risk assessments. - Evacuation plans (vertical and horizontal). - Fire safety training. - Professional advice sought on compliance of panels. - East flank panels removed - Business case being developed for south panel removal and updating		Action	Lead	Deadline
		Change in fire evacuation plans and alarm and detection cause and effect	Head of Health & Safety	30 th September 2020
		Finalise Business Case for permanent remediation of the external wall cladding to comply with HTM 05-02 and Building Control Regulations Approved Document B	Assistant Director of Strategy & Workforce	20 th September 2020
		Replacing the existing cladding and insulation with alternative specifications and inserting 30 minute fire cavity barriers where appropriate	Assistant Director of Strategy & Workforce	31 st March 2023
Assurances (How do we know if the things we are doing are having an impact?) - Monitoring through the H&S committee to receive assurance and or identify gaps for key compliance and adherence to applicable legislation. - NWSSP internal audits - Site visits/tours to identify compliance and gaps in compliances. - Completion of FRA's within targeted schedule		Gaps in assurance (What additional assurances should we seek?) Unclear if additional resources will be available		
Current Risk Rating 4 x 3 = 12		Additional Comments Professional assessment of panel compliance being taken forward with NWSSP-SES, building		

control and WG colleagues. W/c 26/8/19 Cladding being removed from East and West end of main block. Escape route on west end redirected with approval of Fire and Rescue Service. Removal of flank cladding completed at end of 2019. Business case being developed for removal of cladding on south side of building. Review of numbers of fire wardens completed by Unit and new wardens being trained.

Phase 2 cladding replacement works scheduled to commence October 2020

Scheduled meeting with MWWFRS in August 2020 to cover cladding and general fire precautions for SBUHB sites

Priority completion of fire risk assessments for sleeping risk

Review of health and safety team resources being undertaken, with a target date of November 2020 to present to H&S committee.

Rationale for current score:

Improvement notice in relation to MH&LD Unit.

Uncertain position in regard to the appropriateness of the cladding applied to Singleton Hospital in particular (as a high rise block) in respect of its compliance with fire safety regulations.

General compliance with fire regulations and WHTM/WHBN requirements

Also:

Phase 2 cladding replacement works scheduled to commence October 2020.

Scheduled meeting with MWWFRS in August 2020 to cover cladding and general fire precautions for SBUHB sites.

Priority completion of fire risk assessments for sleeping risk.

Review of health and safety team resources being undertaken, with a target date of November 2020 to present to H&S committee.

Level of Control = 50%	Rationale for current score: The specialist CAMHS Network is delivered by Cwm Taf University Health Board on behalf of ABMU.																																									
Date added to HB the risk register 31/05/2018	Rationale for target score:																																									
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																								
- Performance Scrutiny - is undertaken at monthly commissioning meetings between ABM & Cwm Taf University Health Boards. Improved governance -ensures that issues and concerns are discussed by all interested parties including local authorities to support the network identify local solutions. - New Service Model agreed and being established by Summer 2019 which should give further stability to service.		Action	Lead	Deadline																																						
		Additional investment expected - from Welsh Government is supporting the delivery of Waiting List Initiative clinics to support the position.	CAMHS network	31 st March 2021																																						
		The Network is seeking to recruit agency staff to fill existing and upcoming vacancies to ensure that core capacity is maximised.	CAMHS network	31 st March 2021																																						
Assurances (How do we know if the things we are doing are having an impact?)		Gaps in assurance (What additional assurances should we seek?)																																								
Current Risk Rating 4 x 4 = 16		Additional Comments The service is now in the 2nd cycle of CAPA with new job plans agreed from January, with updated demand & capacity mapping. WLI Clinics initiated at POW Hospital, Bridgend which enabled the 80% target to be achieved by end of end March. This was also achieved for NPT area. However Swansea had a significant backlog, which is starting to be addressed with waiting list initiatives from March 2018.																																								

	Primary & specialist CAMHS services are delivered by Cwm Taf University Health Board on behalf of ABMU (although this will only be for Swansea & NPT from 1/4/19). Cwm Taf achieved the non-urgent 28 day target for specialist CAMHS by the end of March 2019. Their ability to sustain this performance is dependent on consistency and availability of staff which due to the small numbers in the various CAMHS teams can affect achievement of waiting times significantly. Target achieved in March 2019, then missed for a number of months, but achieved from September 2019. However performance is still inconsistent, and will remain so until the existing 3 teams have been integrated into one service across West Glamorgan. New service model being implemented from June 2020 which will stabilise service. A new pathway for CAMHS patients is currently being developed which provides advice on the appropriate actions for dealing with these children and young people and will reduce the need to hold them in the Emergency Department at Morriston.

Level of Control = 50%	Rationale for current score: - External review undertaken by Royal College of Physicians which will likely indicate that patients have come to serious harm as a result of excessive waits. - Remains significant reputational risk to the Health Board																																										
Date added to the HB risk register July 2016	Rationale for target score: External review by the Royal College of Physicians will provide a view on improvement required immediately and for sustainability.																																										
Controls (What are we currently doing about the risk?) - TAVI Recovery Plan implemented and backlog has been cleared.. - Plan is supported with Executive oversight at fortnightly TAVI OG meeting. - TAVI has been prioritised in next year's WHSSC ICP for 2020/21. The UHB has commissioned the Royal College of Physicians to undertake a review of the service. Final report awaited, but anticipated that this will indicate that patients have come to serious harm		Mitigating actions (What more should we do?) <table><thead><tr><th>Action</th><th>Lead</th><th>Deadline</th></tr></thead><tbody><tr><td>Commission external review of the service by the Royal College of Physicians (Awaiting report)</td><td>Directorate Manager</td><td>30th September 2020</td></tr></tbody></table>			Action	Lead	Deadline	Commission external review of the service by the Royal College of Physicians (Awaiting report)	Directorate Manager	30 th September 2020																																	
Action	Lead	Deadline																																									
Commission external review of the service by the Royal College of Physicians (Awaiting report)	Directorate Manager	30 th September 2020																																									
Assurances (How do we know if the things we are doing are having an impact?) Reduction in waiting times for TAVI. Appointment to key posts (medical & nursing).		Gaps in assurance (What additional assurances should we seek?)																																									
Current Risk Rating 4 x 4 = 16		Additional Comments Business case for WHSSC funding has been agreed. There is considerable reputational risk to the organisation on the outcome of the Royal College of Physicians review. Medical director in receipt of RCP report which will be shared widely in due course. Extensive validation of pathway start dates for cardiothoracic and TAVI patients from external health boards has taken place (in line with recommendations from DU report). Patients are now reported with true reflection of actual wait which has resulted in a reported position of 5 patients waiting >36 weeks. All patients will have TCI date before end of December 2019. As part of external review, we have employed the 2nd TAVI nurse. The service remains challenging due to unscheduled care pressures particularly around cardiac short stay and also DDW has in recent weeks been closed to Norovirus. We are as a service soon to hit a 100 patient procedures as per contract base with WHSSC which leaves us with any new																																									

	patient who presents in Feb/March with a plan to undertake their procedures from a financial perspective. Update from Service Group Manager/Snr Matron 30/6/20 - Service is currently commissioned to undertake 100 procedures per annum ie, one list a week. Demands on service mean that currently two lists per week as being undertaken through an amended weekly timetable for team. Service has been asked by RE, Medical Director, that they support 3 lists per week. Senior Matron, advises currently enough nursing budget on DDW to run two TAVI lists per week, however at present it is difficult to meet the nursing demands for the service due to COVID pandemic (clean and dirty pathway for patients). Pathways for TAVI are now correct having been reviewed in depth over the last one year. Service Group Manager, advises a new business case needs to be considered through weekly Gold Command meetings chaired by Medical Director Risk at the moment can be reduced to 16. Cardiac Regional Service are trying to provide elective planned service and emergency service across a wider clinical area. JT meeting with Matron (LM), Anwen, Gwen 7/7/20 to agree what nursing is required (1:3 PACU type acuity - can cause some pressures on green / red pathways). Update from Senior Matron - It has been agreed that the staffing ration for patients will be 1:3 – current staffing on DDW allows for 2 lists per week to be provided. Any additional patients who are done or who are done on the red pathway will were possible be recovered in CCU. If bed not available there will be a risk assessment undertaken of the patients post procedure care needs, and the acuity of the other patients on the ward. Based on this an additional nurse may be required for the day and possibly the night shift. This is not funded and to note currently DDW can accommodate 2 lists per week but only one of these is funded.

Level of Control = 70%	Rationale for current score: Whilst every effort is being made to maintain cancer treatment, surgical cancer activity in particular is being impacted upon by both the reduction in elective theatre capacity and availability in critical care beds																																									
Date added to the HB risk register April 2014	Rationale for target score: Target score reflects the challenge this area of work present the Board and where small numbers of patients impact on the potential to breach target																																									
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																								
- Tight management processes to manage each individual case on the unscheduled care (USC) Pathway. - Initiatives to protect surgical capacity to support USC pathways have been put in place in RGH and PCH to protect core activity. - Prioritised pathway in place to fast track USC patients. - Ongoing comprehensive demand and capacity analysis with directorates to maximise efficiencies. - Overall Cancer target performance plateau at around 90% with ongoing monitoring of related actions in place at F,P&W Committee. - Small numbers of patients breaching which is impacting on sustained delivery of the 31 and 62 day target. - Rapid Diagnostic Clinic established at Neath Port Talbot Hospital. Discussions are ongoing with regard to patient flow and the boundary changes. Discussions are being held with the Executive team regarding the future direction and provision of the RDC service. Work is also ongoing to roll out the concept of the RDC across Wales. - Delivery Units have Cancer Trackers to closely monitor and 'pull' patients through their pathways. Weekly cancer performance meetings are held at both Singleton and Morriston Delivery Units. Also a weekly HB Cross Unit Cancer performance meeting is held. This meeting is led by the Cancer Lead Manager/Cancer Information Team and the Units are challenged on delays and service issues.		Action	Lead	Deadline																																						
		Phased and sustainable solution for the required uplift in endoscopy capacity that will be key to supporting both the Urgent Suspected Cancer backlog and future cancer diagnostic demand on Endoscopy Services.	Service Group Manager	30 th September 2020																																						
		To explore the possibility of offering SBAR RT for high risk lung cancer patients in SWWCC	Service Manager Surgical Services	30 th September 2020																																						
		Establishment of mobile unit to carry out PET/CT scans for Swansea and South West Wales patients.	Radiology Services Manager	30 th September 2020																																						
		Introduce COVID testing for Oncology and Haematology patients and staff involved in service delivery in line with national guidelines.	Service Manager Surgical Services	30 th September 2020																																						

The tumour sites of concern across the HB for breaches are now Breast, Gynaecological and Lower GI. Forecast performance remains a significant risk until sustainable solutions are identified for these tumour sites and new staff appointments to support tracking and pathways are fully embedded within services.	Continue to expand our Surgery capacity to allow our complex cancer surgeries to deal with any backlog of patients	Directorate General Manager	30 th September 2020
Assurances (How do we know if the things we are doing are having an impact?) General improvement (sustained) trajectory. Need to continue improvement actions and close monitoring. Early diagnosis pathway launched and impact being closely monitored.	Gaps in assurance (What additional assurances should we seek?) Clear current funding gap.		
Current Risk Rating 5 x 5 = 25	Additional Comments The need to deliver sustained performance. Whilst every effort is being made to maintain cancer treatment, surgical cancer activity in particular is being impacted upon by both the reduction in elective theatre capacity and availability in critical care beds due to the COVID-19 outbreak. Covid screening is in place for all patients starting their 1st cycle of SACT and for all Lung RT patients.		

Legal advice received and principles upon which to decide whether a Home Office Controlled Drug License would be required have been drafted. This forms the basis of a detailed policy that is currently in draft form. This will be sent for legal ratification to ensure compliance to the Home Office regulations. The Home Office have been advised work is currently being completed as a matter of urgency. Areas of specific concern regarding license compliance are being visited to enable an accurate assessment. Additionally work is underway to develop a governance framework to ensure responsibility for management and use of controlled drugs is fully understood within the delivery units. The framework will enable both the Controlled Drug Accountable Officer and the Health Board Medical Director to discharge their individual accountabilities. The Executive Medical Director, the Executive Director of Nursing and the Chief Pharmacist/CDAO are fully involved and supportive of any potential changes for delivery units.	Training session to be held for all clinical areas. All delivery units will be required to identify a responsible manager and ensure compliance with both the CD Licensing Policy and the new framework for management and use of controlled drugs.	Clinical Director of Medicines Management (Pending internal corporate governance review of controlled drugs governance in new organization)	30th September 2020 (Pending policy development and sign off in conjunction with Home Office)
Assurances (How do we know if the things we are doing are having an impact?) To date the HB has received legal advice. Pending policy development, the principles contained within the legal advice are referred to when issues are raised in order to provide consistency in arrangements.	Gaps in assurance (What additional assurances should we seek?) The Health Board will develop a license compliance register, this is expected to be maintained by the Corporate Governance Team thus ensuring there is sufficient segregation of duty.		
Current Risk Rating 4 x 4 = 16	Additional Comments The Home Office are aware that the Health Board have sought independent legal advice regarding the situations where a Home Office Controlled Drug license is required. Advice received to date from the Home Office regarding particular scenarios of Controlled Drug management by the Health Board has differed from the independent legal advice received. The Home Office are currently awaiting the Health Board policy on this matter so that they can review our position. Once completed the policy outlining the Health Board position on Controlled Drug licensing will be shared with both Welsh government and all other Health Boards in Wales as the Swansea Bay UHB position is likely to be used by the Home Office as a precedent.

Level of Control = 70%	Rationale for current score: National shortages of numbers in some areas can lead to: • Unable to recruit sufficient numbers of trainees to fulfil rotas on all sites • Unable to attract non training grades to complete rotas • Unable to fill Consultant grade posts in some specialties with adverse effects on patient safety and industrial relations. Unable to recruit sufficient registered nursing staff.																																									
Date added to the HB risk register April 2012	Rationale for target score: This remains a challenge and is also a national problem.																																									
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																								
• Regular monitoring of recruitment position with reports to Executive Team and Board via Medical Director and Medical Workforce Board. • Specialty based local workforce boards established to monitor and control specific issues. The new HB Workforce & OD Committee will seek assurance of medical workforce plans to maintain services. • Engagement of the Deanery about recruitment position.		Action	Lead	Deadline																																						
		Medical training initiatives pursued in a number of specialties to ease junior doctor recruitment	Interim Director W&OD.	31 st December 2020																																						
		The Medical Workforce Board continues to monitor recruitment and junior doctor's rotas.	Interim Director W&OD.	31 st December 2020																																						
		Continue to recruit internationally.	Interim Director W&OD.	31 st December 2020																																						
Assurances (How do we know if the things we are doing are having an impact?) • General situation monitored through W&OD Committee • Communication with Deanery • Recruitment campaigns • Integrated Medicine and Paediatrics short term workforce plans • Monitoring by Executive Teams and specialty based local workforce boards		Gaps in assurance (What additional assurances should we seek?)																																								
Current Risk Rating 4 x 5 = 20		Additional Comments Risk covers all hospitals and multiple specialties. Participated in BAPIO in November, appointed 25 doctors. Working with Medacs to replace long term locums. Developing an Invest to Save Bid for international overseas recruitment for nursing to upscale the activity for 20/21. Recruitment remains a challenge but is also a national problem. The problem persists and due to COVID-19 we can no longer on board overseas doctors due to the travel restrictions. Supply issues to the COVID areas however have been mitigated by using doctors from other specialties where demand is currently low. Work to recommence in the Autumn.																																								

Datix ID Number: 1759 Health & Care Standard: Staff & Resources 7.1 Workforce		HBR Ref Number: 51 Target Date: 31 st March 2021		
Objective: Excellent Staff		Director Lead: Christine Williams, Interim Director of Nursing Assuring Committee: Workforce and OD Committee		
Risk: Non Compliance with Nurse Staffing Levels Act (2016)		Date last reviewed: August 2020		
Risk Rating (consequence x likelihood): Initial: 4 x 4 = 16 Current: 4 x 5 = 20 Target: 4 x 2 = 8				
Level of Control = 80%	Rationale for current score: - Increased risk as a result of reduction in staff availability as a result of staff isolation/sickness - Covid-19. Frequently below minimum staffing number requirements. Rationale for target score: - The Health Board is ensuring we have the structures and processes in place to provide reassurance under the Act and are allocating resources accordingly. - Health Boards are duty bound to take all reasonable steps to maintain nurse staffing levels.			
Date added to the HB risk register November 2018				
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)		
The Health board has put the following controls in place:- Additional Control's introduced in March include: - Daily Silver Nurse staffing Cell meetings chaired by Executive Director of Nursing & Patient Experience to discuss hot spots and the staff available across the Health Board. - Nurse Bank fully utilised and part of the nurse staffing meetings, Unit Nurse Directors can now sanction non contract agency without Executive approval to maintain a safe service. - Corporate Nursing 7 day rota introduced. - Database set up to record wards that have been repurposed as novel wards (COVID-19) - Set up COVID-19 Corporate Training and Education Hub which outlines a clear plan for training and education - Approved Registered Staff who have retired from the Nursing Midwifery Council Register in the last three years have been contacted with a view to return to practice and into the Health Board workforce. - Delivery Units have appropriately deployed of ward nurses to key areas. And also administration staff utilised to release nurses into providing care. - Student nurses have returned to clinical practice which has been supported corporately. Existing Controls - Confirmed the designated person - Represented the All-Wales Nurse Staffing Group and its sub groups - Contributed with the work undertaken at an all-Wales level on Acuity levels of care.		Action	Lead	Deadline
		The Ward Sister / Charge Nurse and Senior Nurse should continuously assess the situation and keep the designated person formally appraised.	Director of Nursing & Patient Experience	20 th November 2020 Monthly ongoing
		The Board should ensure a system is in place that allows the recording, review and reporting of every occasion when the number of nurses deployed varies from the planned roster. <i>(Progress being made, last paper went to Board in November 2019. Paper accepted by the Board)</i>	Director of Nursing & Patient Experience	5 th October 2020
		The responsibility for decisions relating to the maintenance of the nurse staffing level rests with the Health Board should be based on evidence provided by and the professional opinions of the Executive Directors with the portfolios of Nursing, Finance, Workforce, and Operations.	Director of Nursing & Patient Experience	5 th October 2020
		Risk register to be reviewed monthly to ensure compliance	Director of Nursing & Patient Experience	21 st September 2020

• Undertaken a formal review across all acute Service Delivery Units for calculating and reporting nurse staffing requirements to ensure a Health Board wide consistent approach is adopted. • Presented a Health Board position status paper to both Board & Executive team outlining the preparedness for the Nurse Staffing Act (Wales). • Conducted a review of workforce planning procedures, for 2018 to 2021, which includes; Health Board recruitment events, retention, workforce planning & redesign, training and development. • Developed a monthly Health Board Multidisciplinary Nurse Staffing Act Task & Finish Group, chaired by the Interim Deputy Director of Nursing & Patient Experience, which reports to Nursing and Midwifery Board and Workforce & Organisational Development Committee. • Provided acuity feedback sessions to all Service Delivery Units included in the June audit. • Formally launched the Nurse Staffing (Wales) Act Guidance. • Raised the issue regarding Information Technology barriers around the capture of data required for the Act on an All- Wales and Health Board basis. • Circulated the Welsh Levels of Care and Operational Handbook to Service Delivery Unit Leads. • Confirmed the 32 acute medical & surgical clinical areas that fall within the Act. These areas have been agreed using the criteria set out in the Operational Handbook. • A Rigorous data approval process has been put in place to ensure accuracy of the 6 monthly acuity data prior to sign off. There has also been a number of workshops organised across the organisation to ensure a consistent approach to data collection and there is national work on solutions for electronic capture of acuity data. • The NSA Steering group continues to meet on a monthly basis. • Risks are presented at each meeting • Scrutiny panels are held for each SDU following the submission of acuity templates. • Impact assessment work is being undertaken to prepare for further roll out of the Act.	Health Board should agree the operating framework for these decisions to include actions to be taken, and by whom.	Director of Nursing & Patient Experience	5th October 2020
Assurances (How do we know if the things we are doing are having an impact?) • Ongoing robust recruitment and retention plans in place to reduce vacancies in key clinical areas, which is in line with the Health Board recruitment plan. • Accurate reporting of Acuity data and governance around sign off. • Implement mobile devices to be used within adult acute medical and surgical wards included within the Act in readiness for the June Adult Acuity Audit. • Agreed establishments to funded. • Implementation of E-Rostering to enable accurate reporting of Compliance • Implement all Wales Templates, which are visible and signed within the agreed 32 ward areas, informing patients of planned roster. • At least Yearly Board reports outlining compliance and any key risks. August 2019 update In line with the Boundary changes there are now 29 reportable wards which excludes POW. E-rostering has been rolled out in Singleton and Morriston is in the process of being rolled out. Scrutiny panels are in place.	Gaps in assurance (What additional assurances should we seek?)		

Following the investment already provided to the funded establishments. The overall risks have reduced as outlined above. The quality and accuracy of the Acuity data has improved.	
Current Risk Rating 4 x 5 = 20	Non Compliance with Nurse Staffing Levels (Wales) Act (2016) The Nurse Staffing Levels (Wales) Act, which received Royal Assent on 21st March 2016, places an overarching duty on Local Health Boards and NHS Trusts in Wales to ensure that nurses have time to care sensitively for their patients and codifies current best practice for determining nurse-staffing levels. It requires Local Health Boards and NHS Trusts in Wales to calculate and maintain staffing levels in specific clinical areas, which are Adult acute Medical & Surgical wards. In accordance with the Act, Health Boards/Trusts must submit annual reports to their board and three-yearly reports to Welsh Government in relation to their compliance with the staffing levels, the impact upon the quality of care where the nurse staffing level was not maintained and the actions required in response to this. The Act currently requires the reporting of adult acute medical and surgical inpatient wards, 32 wards in total across the Health Board. In preparation for the Act Service delivery Units have all produced detailed risk assessments in preparation for the Act: Morriston 20 Singleton 16 NPT 6 POW 16 Current Status Singleton 15 Morriston 15 NPT 6. Operating Framework in place. Progress is being made the last paper went to Board November 2019. The paper was accepted by the Board. Letters have been sent to Morriston & Singleton Delivery Unit confirming the outcome of November's Board and support for Funding. The templates are being signed. NPT Delivery Unit has already received a letter. 1st June due to COVID-19 a letter was received from the Chief Nursing Officer (Wales) outlining the impact of COVID-19 and actions to be considered. The Bi-Annual Nurse Staffing Act paper was postponed and a COVID-19 paper in relation to the disruption to the Nurse staffing levels Act was presented to May's Board in its place. The paper was based on an All Wales Template. Staffing has improved across the Health Board although the score remains the same in light of the uncertain time and a number of factors relating to the Covid-19 situation. Daily Silver Nurse staffing Cell meetings stood down on 30.7.20 The frequency and timings of these meetings will be reviewed at times of COVID Level 4 Super Surge level as per SOP "Nurse Resource during COVID -19". Corporate Nursing 7 day rota stood down will be re-established when required. Reduction in vacancy factor Band 5 - 309 wte Band 2- 13 wte as at 9.7.2020. Student Streamlining - 151 due to commence September 2020. Plan to implement Safecare acuity based rostering tool in September 2020 QIA in progress. Jan 20 Acuity audit. The retrospective triangulation review has been undertaken in July 20.

	July 20 Acuity audit has been undertaken. The scrutiny panels set up in September 20. Risk Register has been reviewed and remains at 20 due to unpredictability at present with COVID-19

Level of Control = 50%	Rationale for current score: Constraints, stress and resourcing of corporate services post Bridgend Boundary Change and in light of the change agenda in the Health Board. Current resourcing levels have been benchmarked with other Health Boards, in some areas. The Finance department has been under considerable pressure due to the work required to support the Health Board's Targeted Intervention status and the Bridgend boundary change.																																									
Date added to the HB risk register August 2019	Rationale for target score: Sustainable services will always encounter turnover and need to develop skill set and capabilities. Target score reflects requirement to resource to be able to meet the operational and Strategic priorities of the Health Board. Failure to do this will negatively impact of financial, service, performance and quality outcomes. Failure to do this will negatively impact of financial, service, performance and quality outcomes.																																									
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																								
- Designing and Developing new Operating model for the Health Board - Designing and Developing HB HQ and Corporate structures - Reviewing Directorate requirements - Vacancy Panel to support prioritisation.		Action To conclude the recruitment process for the critical corporate posts including the Workforce and OD function	<table><tr><th>Lead</th><th>Deadline</th></tr><tr><td>Chief Executive</td><td>25th September 2020</td></tr></table>	Lead	Deadline	Chief Executive	25 th September 2020

Assurances (How do we know if the things we are doing are having an impact?) Decisions late summer / early autumn on corporate services structures, operating model and resourcing.		Gaps in assurance (What additional assurances should we seek?)																																								
Current Risk Rating 5 x 4 = 20		Additional Comments Utilise temporary funded capacity to meet immediate areas of risk. Continue to raise resourcing issue at corporate level and through committee governance arrangements. Review of corporate 'critical' posts have been undertaken including resourcing required for investment in the Workforce and OD Function. These posts will be recruited to on a phased basis. As a result of the COVID-19 all recruitment has been put on hold and resources diverted. Business as usual is on hold.																																								

Datix ID Number: 1035		HBR Ref Number: 27	
Health & Care Standard: Effective Care 3.1 Clinically Effective Care		Target Date: 31 st March 2021	
Objective: Digitally enabled care		Director Lead: Chris White, Chief Operating Officer	
Risk: Digital Transformation Inability to deliver sustainable clinical services due to lack of Digital Transformation. There are insufficient resources to:		Assuring Committee: Audit Committee	
• invest in the delivery of the ABMU Digital strategy,		Date last reviewed: August 2020	
• support the growth in utilisation of existing and new digital solutions			
• replace existing technology infrastructure and the end of its useful life.			
Risk Rating (consequence x likelihood): Initial: 4 x 4 = 16 Current: 4 x 3 = 12 Target: 5 x 2 = 10		Rationale for current score: C – Reliance on digital ways of working has increased. Loss of IT service has a greater impact on ability to provide clinical care. Lack of investment in new digital solutions to make services more effective will mean clinical service provision will become unsustainable. L- There has been an increase in the number of devices in circulation by 3000 (39%) over the last 4 years (2015-2018) without an increase in IT support capacity. HB are currently only able to replace devices that are over 7 years old. Call volumes and wait times have increased over the last 4 years. Key IT maintenance work is not being completed in a timely fashion. Investment required in Informatics to deliver the Digital strategy is greater than the funding currently available. Informatics budget is estimated to be 0.73% of the HB budget - well below the recommended 4%. Resources available to provide digital services could be reduced because of the boundary change.	
Level of Control = 50%			
Date added to the HB risk register 2012			
			
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)	
• Digital strategy has been approved by the Health Board		Action	
• Capital priority group for the HB considers digital risks for replacement technology which is fed into the annual discretionary capital plan		Ensure informatics prioritisation process is embedded into the ways of working so that resource implications of digital solutions are transparent and agreed at outset of projects.	
• IBG process allows for investment requests in projects to be submitted to the HB for		Lead	
		Assistant Informatics Business Manager	
		Deadline	
		31 st March 2021	

consideration and provides scrutiny to ensure Digital resources required are considered for all projects • Informatics prioritisation process has been introduced to ensure requests for digital solutions are considered in terms of alignment to the strategy objective, technical solutions and financial implications • HB has invested £900k recurrently in the project staffing resources to facilitate the delivery of the Informatics Strategic Outline Plan • Working closely with WG to identify funding streams to support investment in digital including the approval of the Informatics Strategic Outline Plan	Ensure business cases requiring digital services include appropriate implementation and support costs.	Assistant Informatics Business Manager	31st March 2021
Assurances (How do we know if the things we are doing are having an impact?) • Progress has been made in securing capital investment both internally and externally for new developments • IBG and CPG processes are in place and ensuring highest technology replacement risks are being addressed • There are 22 active projects in place and being delivered • Digital enablement is a cornerstone of the organization strategy. Two of the strategies, 8 areas, of focus are digital enablement. • WG have announced (Oct 19) £50m investment into Digital Transformation in 19/20. The HB are awaiting final confirmation of its allocation which is indicated to be £1,390k capital and £1,060k revenue. Whilst this is under what was requested it will be utilised against priority requirements for the HB.	Gaps in assurance (What additional assurances should we seek?) Lack of certainty over future funding streams makes planning and implementation difficult/less effective Revenue model for support unclear given the financial pressures of the organisation.		
Current Risk Rating 4 x 3 = 12	Additional Comments This is further impacted by the boundary change which could have significant impact on resources and capability to deliver digital services going forward. Internal processes have been established to ensure that all informatics costs are included in Business cases developed by Informatics. Representation from Informatics at IBG and the Scrutiny Panel. Strategic Outline Plan based on the three year IMTP will be presented to the Health Board on the 30th January 2020. Three year plan to be developed in line with the Health boards IMTP Planning process The Strategic Outline Plan will be based on the Three Year Plan which will be developed in line with the Health Boards IMTP Planning process. The updated Strategy digital overview, priorities and maturity assessment was presented to January 2020 Health Board. –The Action has therefore been closed off 31/1/2020 within Datix and progress reported through to Audit Committee.		

Datix ID Number: 1043 Health & Care Standard: Effective Care 3.1 Clinically Effective Care		HBR Ref Number: 36 Target Date: 31 st March 2021																																								
Objective: Digitally enabled care		Director Lead: Chris White, Chief Operating Officer Assuring Committee: Audit Committee																																								
Risk: Paper Record Storage: Lack of a single electronic record means there is greater reliance on the provision of the paper record. If we fail to provide adequate storage facilities for paper records then this will impact on the availability of patient records at the point of care. Quality of the paper record may also be reduced if there is poor records management in some wards.		Date last reviewed: August 2020

Level of Control = 70%																																										
Date added to the HB risk register June 2016																																										
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																								
- Outpatient continuation Sheet has been rolled out and will form part of the plan to move Outpatients to paper light. - MTED has been rolled out across Morriston and commenced in NPT - Nursing Documentation (WNCR) piloted successfully in NPT - Temporary retention and destruction plans are in place. - Alternative storage arrangements are being identified and utilised where appropriate. - Ward protocols and audits have been rolled out across sites. - RFID project now approved. Implementation process has started and will change the way records are filed and release storage capacity. - Roll out plan for WCP is in place and being enacted as outlined in the SOP - All records must be documented and risk assessed in the Information Asset Register (IAR) - Develop a case for improved storage solution both for paper and digitally.		Action	Lead																																							
		Continue with the roll out of WCP	Interim Chief Information Officer																																							
		Continue with roll out of digitisation of health record with a focus on Outpatients and Nursing documentation	Interim Chief Information Officer																																							
		Develop case for improved storage solution for acute paper record.	Head of Health Records & Clinical Coding																																							
		Deadline																																								
		30 th September 2020																																								
		30 th September 2020																																								
		30 th September 2020																																								
Assurances (How do we know if the things we are doing are having an impact?) RFID has been implemented for the acute record improving the management of records		Gaps in assurance (What additional assurances should we seek?) Investment required supporting the delivery and operational costs of the Digital strategy.																																								

- Health Records performance reports to be developed in line with RFID technology Attainment of the Tier 1 Health Board target for clinical coding completeness which relies on the timely availability and quality of the Paper record - Monitoring complaints and incident reporting Gaps in Assurance Investment required supporting the delivery and operational costs of the Digital Strategy. Reliance on NWIS for delivery of the solution for a fully electronic patient record. Impact of the infected Blood Enquiry on the health boards ability to destroy notes is increasing the pressure on storage capacity and negating some of the mitigating actions that are being put in place	Reliance on NWIS for delivery of the solution for a fully electronic patient record Impact of the Infected Blood Enquiry on the Health Boards ability to destroy notes.
Current Risk Rating 4 x 3 = 12	Additional Comments All records must be documented and risk assessed in the Information Asset Register (IAR). This will mean that the risk can be quantified and understood. Action - All SDU and corporate leads Health Records Department will work with HB colleagues to develop a case for improved storage solution both for paper and digitally. In regard to the plans for the HB wide storage work, given the delay with the implementation of RFID, the timescales have been moved back slightly. Timescales for this work is as followed (based on current allocation of resources / no additional support. A dedicated project resource would get this done quicker) Scoping and requirements gathering exercise by October 19 - Options developed – Q4 2019-20 - Business case - Q1 2020-21 - Implementation Q3/4 2020-21 Discussions are ongoing with Welsh Health Supplies and Welsh Government on the availability of All Wales Records solution, the outcome of this scoping work will inform the options of the Business Case. Electronic results availability completed by August 2019. Other electronic documents ongoing. Timescales for completion of the Health Board storage work have slipped due to the impact of COVID and are now as follows:- - Options developed — Q1 20/21 - Business case - Q2 20/21 - Implementation Q1 21/22

Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																								
- All patients are categorised by condition in order to quantify issue. Second glaucoma consultant appointed November 2018. - Additional accommodation secured to increase capacity; implementation plan under development. Welsh government funding secured for 2019/20 to employ additional activity and deliver some services in a community setting. Virtual clinics established. - Service Manager for Ophthalmology providing regular updates via Planned Care Programme.		Action	Lead																																							
Assurances (How do we know if the things we are doing are having an impact?)		Deadline																																								
A Welsh Government pilot programme was implemented in June 2014. The purpose of the HES project is to use clinic capacity to assess, review and treat patients within clinical priority rather than prioritising new patients based on their waiting time. A Project Management Lead was in post to deliver on the HES objectives.		An overall Sustainability Plan to be delivered (Gold command process in place)	Service Group Manager Surgical Specialties																																							
Current Risk Rating 4 x 5 = 20		Additional Comments																																								
		Additional Glaucoma practitioner (temporary for 12 months) commenced in post 11/06/2018. 2 nd Glaucoma Consultant started 05/11/2018.																																								

Accommodation in Corridor 3 reconfigured 08/02/2019. Further work needed on accommodation and additional rooms required. Ongoing discussions continue with Singleton Unit so that space can be created to house a co-located Ophthalmology Department Middle grade doctor to commence in post April 2019.

Monthly tracker of glaucoma backlog patients indicates reduction of over 800 patients to end of January 2019.

Diabetic Retinopathy Virtual Review clinics are to be increased via a WG funded successful bid.

Reviewed by AD& PT Sustainable plans are under way and are on target against follow up trajectory backlog. 20/21 sustainable plans are currently being drafted. Risk score reviewed to maintain at 20.

Although routine outpatients appointment are not being undertaken due to COVID-19 those patients at high risk i.e. wet AMD are still being seen and receiving treatment and those patients in other high risk specialties such as glaucoma are being reviewed virtually and if deemed necessary attending for urgent appointments.

Since the advent of the Covid-19 outbreak only the following essential Eye services have been maintained during Covid 19.

- AMD treatments
- Retina services
- Rapid Access Eye clinic (RACE - Eye Casualty)

As a consequence the progress made through the previous eye care initiatives has been reversed.

During the pandemic the following has been achieved:

- Paediatric – 2 consultants have started with a post Covid timetable covering Hywel Dda sessions under SLA contract.
- Diabetic Retina – Band 4 Coordinator appointed from interview 19th June 2020.
- Glaucoma – Strawberry Place ODTC clinics to resume for 3 months from July 2020 while we look for alternative accommodation.

Some clinically urgent Cataract operations have been undertaken through May and June 2020

Action	Lead	Deadline																																								
To review and rehearse promptly the existing business continuity and resilience/contingency arrangements, and to do so working with your local and regional partners, including through your local resilience forums.	Head of Emergency Preparedness, Resilience & Response	(Monthly meetings to resume in September) 30 th September 2020																																								
Assurances (How do we know if the things we are doing are having an impact?)		Gaps in assurance (What additional assurances should we seek?)																																								

• Work programme in place and monitored via EPRR Strategy Group • All services to complete business continuity plans	To understand from the review what arrangements need to be in place to minimise the risks in relation to a potential no deal Brexit.
Current Risk Rating 3 x 5 = 15	Additional Comments There is an obligation to maintain critical services and business as usual in an emergency and this includes Brexit and consequently there is the potential for disruption in commercial and public services and therefore supplies, services, transport, fuel, border issues, EU national issues, immigration, critical infrastructure, energy and command resilience etc. All EPRR and Brexit meetings were postponed temporarily due to the Covid-19 pandemic but are due to resume in September and updates will then be noted onto the risk.

Datix ID Number: 2003		HBR Ref Number: 60																																								
Health & Care Standard: Effective Care 3.1 Clinically Effective Care		Target Date: 31 st March 2021																																								
Objective: Digitally Enabled Care		Director Lead: Chris White, Chief Operating Officer																																								
Risk: Cyber Security - high level risk		Assuring Committee: Audit Committee																																								
The level of cyber security incidents is at an unprecedented level and health is a known target. The health board has increased digital services (users, devices and systems) and therefore the impact of a cyber-security attack is much higher than in previous years. The introduction of the Network and Information Systems Directive (NISD) in May 2018 means that large fines can be issued to organisations that are not compliant with the Directive. A report from the department of health following the Wannacry incident in May 2017 stated that attack cost the NHS (England) £92m as 19,000 appointments were cancelled and this was before the NISD came into effect. The largest risk to the organisation is on user awareness and unsupported software (old versions which are no longer patched for security vulnerabilities) and devices not managed by the ICT department e.g. medical devices.		Date last reviewed: August 2020																																								
Risk Rating (consequence x likelihood): Initial: 5 x 4 = 20 Current: 5 x 4 = 20 Target: 5 x 3 = 15	 <table border="1"><caption>Risk Rating Data</caption><thead><tr><th>Month</th><th>Risk Score</th><th>Target Score</th></tr></thead><tbody><tr><td>Sep-19</td><td>16</td><td>6</td></tr><tr><td>Oct-19</td><td>20</td><td>6</td></tr><tr><td>Nov-19</td><td>20</td><td>6</td></tr><tr><td>Dec-19</td><td>20</td><td>6</td></tr><tr><td>Jan-20</td><td>20</td><td>6</td></tr><tr><td>Feb-20</td><td>20</td><td>6</td></tr><tr><td>Mar-20</td><td>20</td><td>6</td></tr><tr><td>Apr-20</td><td>20</td><td>6</td></tr><tr><td>May-20</td><td>20</td><td>6</td></tr><tr><td>Jun-20</td><td>20</td><td>6</td></tr><tr><td>Jul-20</td><td>20</td><td>6</td></tr><tr><td>Aug-20</td><td>20</td><td>6</td></tr></tbody></table>			Month	Risk Score	Target Score	Sep-19	16	6	Oct-19	20	6	Nov-19	20	6	Dec-19	20	6	Jan-20	20	6	Feb-20	20	6	Mar-20	20	6	Apr-20	20	6	May-20	20	6	Jun-20	20	6	Jul-20	20	6	Aug-20	20	6

Aug-20	20	6																																								
Level of Control	Rationale for current score: C and L The level of cyber security incidents is at an unprecedented level and health is a known target. The health board has increased digital services (users, devices and systems) and therefore the impact of a cybersecurity attack is much higher than in previous years.																																									
Date added to the HB risk register July 2019	Rationale for target score: C- Will remain the same or increase due to increased reliance in information L- The overall likelihood score would increase to (20) if the funding of the 8A and 2 x Band 6 are not recruited.																																									
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																								
- Cyber Security Manager and supporting roles now in place. - The national security tools will highlight vulnerabilities and provide warnings when potential attacks are occurring. Swansea Bay will adopt these tools in financial year 2019/20. - The NHS in Wales is protected by a firewall by NHS Wales Informatics Service (NWIS). - Swansea Bay UHB has advanced firewall protection to protect the network from potential cyber-attacks.		Action	Lead																																							
		Implement National Cyber Security Tools	Cyber Security Manager																																							
			Deadline																																							
			17 th September 2020																																							

• All emails coming into NHS Wales are scanned using the national email filter. Whilst malicious emails come into the health board on a daily basis, the number are vastly reduced using the email filter and NWIS issue warnings to users affected when the contents are discovered (same day). Users are warned to delete emails and if opened, contact ICT service desk for investigation. • A patching regime has been in place around 18 months which ensures desktops, laptops and servers are protected against any known security vulnerabilities. Anti-virus is in place to protect against known viruses with intelligent scanning on potential viruses not yet discovered. • Access to the internet is controlled through a smart filtering solution which restricts access to potentially vulnerable content. • Work is ongoing in order to replace out of date systems, this is a huge task given the number of clinical and administrative systems in place across the health board. The creation of the service management board will help in terms of getting stakeholder agreement and engagement. Capital funding has also been available to address this. • A Cyber Security training module has been developed and available in the Electronic Staff Record training to ensure staff are fully aware of the risk of cyber security and are vigilant in recognising malicious activity e.g. malicious email. This needs to be adopted as mandatory training.			
Assurances (How do we know if the things we are doing are having an impact?) This will be developed following the appointment of the Cyber Security Manager. In the meantime, the follow up Stratia report has confirmed a major improvement in terms of Microsoft Security patching and SBU are compliant with standards agreed. The Cyber Assurance Framework (compliance with NISD) has been submitted to the Operational Security Service Management Board and plan will be developed nationally to address areas of non-compliance.	Gaps in assurance (What additional assurances should we seek?)		
Current Risk Rating 5 x 4 = 20	Additional Comments Band 8a Cyber Security Manager appointed October 2019. Microsoft patching is compliant. NISD CAF completed and submitted to OSSMB. 2 Band (6) Cyber Security staff have now been appointed and are due to commence shortly. (completed) National Security Tool - SIEM Systems integrated, currently working on the final interfaces. NESSUS still awaiting National timescales for NWIS for rollout. Meetings in progress to make Cyber Security Training mandatory across the Health Board. Papers on progress on Cyber Security have been sent to the Senior Leadership Team, Audit committee and Health Board meetings and were well received in each of those. The progress on the establishment of a dedicated Cyber Security team and adoption of local and national cyber tools to improve cyber defences and establish proactive monitoring was		

	noted. The risk score of 20 remains as the largest risk to Cyber Security are the staff that access computer systems such as inadvertently clicking on a malicious link in a Phishing email. The Senior Leadership Team agreed, in principle, for Cyber Security Training to be made mandatory. A further paper for approval, describing the implications for the workforce, will be submitted to a future SLT meeting. National Security Tool -SIEM Systems integrated currently working on final interfaces. NESSUS still awaiting national timescales from NWIS for rollout.

Level of Control = 60%	Rationale for current score: There is no immediate access to crash team/ICU facilities in Parkway Clinic – the client group are undergoing G/A/sedation. Paediatric GA/Sedation services provided under contract from Parkway Clinic, Swansea continue due to lack of capacity for these patients to be accommodated in Secondary Care																																									
Date added to the HB risk register 4 th July 2018	Rationale for target score: Relocation of the paediatric GA service [provided by Parkway Clinic] to a hospital site being treated as a priority																																									
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																								
- Consultant Anaesthetist present for every General Anaesthetic clinic. - Assurance Documentation supplied by Parkway Clinic including confirmation of arrangements in place with WAST and Morriston Hospital for transfer and treatment of patients - New care pathway implemented - no direct referrals to provider for GA. - Multi -drug sedation ceased from Sep 2018 in line with WHC 2018 009 - Revised SLA/Service Specification - HIW Inspection Visit Documentation provided to HB - All extended GA cases require approval from paediatric specialist prior to treatment		Action	Lead	Deadline																																						
		Transfer of services from Parkway.	Interim Head of Primary Care	31 st May 2021																																						
Assurances (How do we know if the things we are doing are having an impact?) - RMC collate referral and treatment outcome data for review by Paediatric Specialist - Regular clinical meeting arranged with Parkway to discuss individual cases/concerns - Regular clinical/ management meeting for CDS/primary care management team to discuss service pathway /concerns/issues arising - Roll out of new pathway to encompass urgent referrals		Gaps in assurance (What additional assurances should we seek?) ToR for the task and finish group should continue to include consideration of the pressures on the POW special care dental GA list and this service is considered alongside any plans for the Parkway contract.																																								
Current Risk Rating 4 X 4 = 16		Additional Comments Task & Finish Group continue to progress transfer of service to Morriston. Action moved to May 2021 due to Covid pressures.																																								

Datix ID Number: 1605 Health & Care Standard: 3.1 Safe and Clinically Effective Care		HBR Ref Number: 63 Target Date: 31st December 2020																																								
Objective: Screening for Fetal Growth Assessment in line with Gap-Grow (G&G)		Director Lead: Christine Williams, Interim Director of Nursing and Patient Experience Assuring Committee: Quality and Safety Committee Date last reviewed: August 2020																																								
Risk: There is evidence a growth restricted/small for gestational age fetus (SGA), has an increased risk of intra-uterine death before or during the intrapartum period. Identification and appropriate management for SGA in pregnancy should lead to improved outcomes. GAP & Grow standards were implemented to contribute to the reduction of stillbirth rates in wales. Obstetric USS scan appointments are at capacity leading to delays in obtaining required appointments. In addition the guidance from Gap & Grow is for women requiring serial scanning with a risk factor for a growth restricted baby must have 3 weekly scans from 28 to 40 week gestation. Due to the scanning capacity there are significant challenges in achieving this standard.		Rationale for current score: CSFM's leading on audit reviewing records of all women where SGA not identified in antenatal period. Scanning capacity under increasing pressure. Meeting arranged with radiology management to discuss introduction of midwife sonographer third trimester scanning. Staff to be informed to submit Datix incident where scan not available in line with standards.																																								
Risk Rating (consequence x likelihood): Initial: 4 x 3 = 12 Current: 4 x 5 = 20 Target: 3 x 4 = 12	 <table><caption>Risk Rating Data</caption><thead><tr><th>Month</th><th>Target Score</th><th>Risk Score</th></tr></thead><tbody><tr><td>Sep-19</td><td>12</td><td>20</td></tr><tr><td>Oct-19</td><td>12</td><td>20</td></tr><tr><td>Nov-19</td><td>12</td><td>20</td></tr><tr><td>Dec-19</td><td>12</td><td>20</td></tr><tr><td>Jan-20</td><td>12</td><td>20</td></tr><tr><td>Feb-20</td><td>12</td><td>20</td></tr><tr><td>Mar-20</td><td>12</td><td>20</td></tr><tr><td>Apr-20</td><td>12</td><td>20</td></tr><tr><td>May-20</td><td>12</td><td>20</td></tr><tr><td>Jun-20</td><td>12</td><td>20</td></tr><tr><td>Jul-20</td><td>12</td><td>20</td></tr><tr><td>Aug-20</td><td>12</td><td>20</td></tr></tbody></table>			Month	Target Score	Risk Score	Sep-19	12	20	Oct-19	12	20	Nov-19	12	20	Dec-19	12	20	Jan-20	12	20	Feb-20	12	20	Mar-20	12	20	Apr-20	12	20	May-20	12	20	Jun-20	12	20	Jul-20	12	20	Aug-20	12	20

Level of Control = 60%																																										
Date added to the HB risk register 1 st August 2019																																										
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																								
All staff have received training on Gap & Grow and detection of small for gestational babies. Obstetric scanning capacity across the HB is being reviewed and compliance with criteria for scanning is being monitored. Ultrasound are assisting with finding capacity wherever possible in order to meet standards for screening and complying with Gap & grow recommendations.																																										
Assurances (How do we know if the things we are doing are having an impact?) Audit of compliance with guidance being undertaken, detection rates of babies born below the 10th centile is being monitored via datix and audited by the service. Ultrasound are assisting with finding capacity wherever possible in order to meet standards for screening and complying with Gap & grow recommendations.		Gaps in assurance (What additional assurances should we seek?)																																								
Current Risk Rating 4 X 5 = 20		Additional Comments Meeting took place with Deputy Head of Therapies for the HB. Arrangement to meet in January 2020 to review radiology capacity and plan future service needs. This will form part of the antenatal clinic review. Audit of missed cases themes and trends to be presented to the MDT in February 2020.																																								

	Approval from health board to progress training and recruitment of midwife sonographers. Working group in place chaired by exec lead for therapies.
--	---

Datix ID Number: 2159 Health & Care Standard: Safe Care 2.1 Managing Risk & Promoting Health & Safety		HBR Ref Number: 64 Target Date: 31st March 2021																																									
Objective: Best Value Outcomes		Director Lead: Christine Williams, Interim Director of Nursing and Patient Experience Assuring Committee: Health and Safety Committee																																									
Risk: Insufficient resource and capacity of the Health, safety and fire function within SBUHB to maintain legislative and regulatory compliance for the workforce and for the sites across SBUHB.		Date last reviewed: August 2020																																									
Risk Rating (consequence x likelihood): Initial: 5 x 4 = 20 Current: 5 x 4 = 20 Target: 4 x 3 = 12	 <table><caption>Risk Rating Data</caption><thead><tr><th>Month</th><th>Risk Score</th><th>Target Score</th></tr></thead><tbody><tr><td>Sep-19</td><td>20</td><td>12</td></tr><tr><td>Oct-19</td><td>20</td><td>12</td></tr><tr><td>Nov-19</td><td>20</td><td>12</td></tr><tr><td>Dec-19</td><td>20</td><td>12</td></tr><tr><td>Jan-20</td><td>20</td><td>12</td></tr><tr><td>Feb-20</td><td>20</td><td>12</td></tr><tr><td>Mar-20</td><td>20</td><td>12</td></tr><tr><td>Apr-20</td><td>20</td><td>12</td></tr><tr><td>May-20</td><td>20</td><td>12</td></tr><tr><td>Jun-20</td><td>20</td><td>12</td></tr><tr><td>Jul-20</td><td>20</td><td>12</td></tr><tr><td>Aug-20</td><td>20</td><td>12</td></tr></tbody></table>		Month	Risk Score	Target Score	Sep-19	20	12	Oct-19	20	12	Nov-19	20	12	Dec-19	20	12	Jan-20	20	12	Feb-20	20	12	Mar-20	20	12	Apr-20	20	12	May-20	20	12	Jun-20	20	12	Jul-20	20	12	Aug-20	20	12	Rationale for current score: The Health Board are in receipt of 10 Health & Safety Executive (HSE) improvement notices concerning health and safety management, violence and aggression and manual handling, limited assurance internal audit reports for water safety management and COSHH, and a fire enforcement notice for one of our sites. Fire risk assessment frequencies are not being kept up to date. Statutory/mandatory training provision and recording will not be sustainable. Unable to support units sufficiently for H&S, case management (V&A), fire and training or to conduct audits/inspections. Potential for litigation, with implications of financial and reputational consequences for not meeting legislative requirements.

Jul-20	20	12																																									
Aug-20	20	12																																									
Level of Control = 70%	Rationale for target score: Compliance with the notices and to have sufficient resources to implement a sustainable health and safety provision to support the legal requirements of the Health Board																																										
Date added to the HB risk register September 2019	Additional resources and updated/refreshed/new systems will enable the Health Board to demonstrate that suitable resources are in place to undertake the roles and responsibilities of the department, and to undertake suitable and sufficient training, provide corporate overview/audit to ensure practices are being employed in the workplace. Risk assessments are being undertaken within required frequencies and periodic audits are taking place to support the various units and departments.																																										
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																									
- HSE Improvement working group set up to address the HSE recommendations and meets fortnightly to monitor the improvement action plan. - Interim posts of Assistant Director of Health and Safety and Interim Head of Compliance employed on secondment to support strengthening and developing the H&S function - Health and Safety Operational Group meets quarterly and reports to the Health and Safety Committee - Water safety management action plan in place - COSHH procedure reviewed and updated - Fire risk assessments are being undertaken at priority sites (patient areas) to address recommendations of the MAWWFRS		Action	Lead	Deadline																																							
		Health and safety department structure to be reviewed and produce proposals, business case	Assistant Director of H&S	30 th September 2020																																							
		Health and safety structure review to be presented to the H&S Committee	Assistant Director of H&S	4 th November 2020																																							

Fire training in place and fire wardens in place			
Assurances (How do we know if the things we are doing are having an impact?) - Monitoring through the H&S committee to receive assurance and or identify gaps for key compliance and adherence to applicable legislation. - HSE focus group monitor compliance against the 10 improvement notices and report to the H&S operational group and H&S committee. - Site visits/tours to identify compliance and gaps in compliances.	Gaps in assurance (What additional assurances should we seek?)		
Current Risk Rating 5 X 4 = 20	Additional Comments The re-inspections took place w/c 16 September 2019, visiting NPTH on 16th, Singleton & Morriston Hospital on 17th, Tonna Hospital and NPTH on 18th and NPTH on 20th. All visits went well overall with a number seven of the ten notices closed and three extended to 6th December 2019. A further visit was arranged for 5th December (Theatres at Singleton) where it was confirmed that two more notices were complied with and the other one extended to 31 January 2020. Confirmation via email was received on 7th February that all improvement notices have been complied with. Business case to be written by 31st October 2020. Re-structure review to be presented to H&S committee during 3rd quarter 2020/21. Long term plans to be developed to understand the Health and Safety resource requirements for the Health Board. The restructure is to be reviewed and business case written by 31st October 2020. Due to the pandemic (COVID-19) progress has been minimal and will review when operationally possible, this could be delayed until October/November 2020.		

Datix ID Number: 329 Health & Care Standard: 3.1 Safe and Clinically Effective Care		HBR Ref Number: 65 Target Date: 31st January 2021																																								
Objective: Digitally enabled Care		Director Lead: Christine Williams, Interim Director of Nursing and Patient Experience Assuring Committee: Quality & Safety Committee																																								
Risk: Risk associated with misinterpreting abnormal cardiotocography readings in the delivery room. A central monitoring station would enable multi-disciplinary viewing and discussion of the readings to take place, and reduce the risk of a concerning CTG trace going unidentified. Provisionally scored C4 (irrecoverable injury) x L3= 12. The central monitoring system has a facility to archive the CTG recordings: currently these tracings are only available as a paper copy, which can be lost from the maternity records. There is also a concern that the paper tracings fade over time which makes defending claims very difficult.		Date last reviewed: August 2020 Rationale for current score: Meeting with K2, IT, finance, procurement and midwifery team on 30/09/2019. System viewed and IT needs identified. Final costing to be assessed prior to resubmission to IBG in Oct or November 2019.																																								
Risk Rating (consequence x likelihood): Initial: 4 x 4 = 16 Current: 4 x 5 = 20 Target: 4 x 2 = 8	 <table><caption>Risk Rating Data</caption><thead><tr><th>Month</th><th>Risk Score</th><th>Target Score</th></tr></thead><tbody><tr><td>Sep-19</td><td>16</td><td>8</td></tr><tr><td>Oct-19</td><td>20</td><td>8</td></tr><tr><td>Nov-19</td><td>20</td><td>8</td></tr><tr><td>Dec-19</td><td>20</td><td>8</td></tr><tr><td>Jan-20</td><td>20</td><td>8</td></tr><tr><td>Feb-20</td><td>20</td><td>8</td></tr><tr><td>Mar-20</td><td>20</td><td>8</td></tr><tr><td>Apr-20</td><td>20</td><td>8</td></tr><tr><td>May-20</td><td>20</td><td>8</td></tr><tr><td>Jun-20</td><td>20</td><td>8</td></tr><tr><td>Jul-20</td><td>20</td><td>8</td></tr><tr><td>Aug-20</td><td>20</td><td>8</td></tr></tbody></table>	Month	Risk Score	Target Score	Sep-19	16	8	Oct-19	20	8	Nov-19	20	8	Dec-19	20	8	Jan-20	20	8	Feb-20	20	8	Mar-20	20	8	Apr-20	20	8	May-20	20	8	Jun-20	20	8	Jul-20	20	8	Aug-20	20	8	Rationale for target score:

		Deadline	
		31 st October 2020	
		31 st October 2020	
Assurances (How do we know if the things we are doing are having an impact?) Performance and activity data is being monitored and monthly data shared with radiotherapy management meeting and cancer board. It is also now included in scorecard.		Gaps in assurance (What additional assurances should we seek?)	
Current Risk Rating 5 X 5 = 25		Additional Comments Radiotherapy waiting times continue to cause concerns, new COSC guidelines launched this year mean we now reporting Rx waiting times to WG. Sept Performance has been added to this risk. Options to increase our capacity and include in PBC for SWWCC which is being developed and internal efficiency work with QI colleagues is also being reviewed. Rx Performance is discussed in Radiotherapy management meeting and papers are chased in Cancer Board. Agreement has been reached around outsourcing 12 prostate radiotherapy cases per month for 6 months to Rutherford. Commencing in January 2020. While case for extended day is further reviewed. Contract signed off by Executive Team Jan 2020. Patients are being approached to attend Rutherford Cancer Centre and patient details being sent to Rutherford Cancer Centre.	

	Seen improvement in some WT performance in RT due to cases being referred to Rutherford and due to changes in practice due to Covid-19. Due to machine breakdowns and covid capacity has been effected to deliver RT. however outsourcing has mitigated some of this but not all. New action agreed 07/07/20- RT Covid Recovery plan is being developed that will include options around, further outsourcing, bringing back SBAR work from VCC, changes to fractions on BREAST and PROSTATE and how we could use this freed up machine capacity differently. This plan is to go to Reset and Recovery meeting as part of Essential Services Covid Recovery plans for Cancer.

Level of Control =	Rationale for current score: C -The number of outages in 2018 and impact across NHS Wales resulted in a review of NWIS services including the wider Informatics services in NHS Wales. In the June 2019 outage, some services took as long as 2 weeks to recover. L -There have been a number of multi system outages over the last 2 years with a number of factors causing outages or resulting in extended outages. Therefore there is a likelihood of a recurrence in the future.																																									
Date added to the HB risk register 27/02/2020	Rationale for target score: C – As reliance on digital solutions for the provision of clinical services grows the impact of outages will also grow. Whilst controls will be put in place to mitigate against the impact of outages this will be offset by the growth in the importance of digital solutions. As a result the consequence score will remain at 4. L – The likelihood of national data center outages will never be fully eliminated. The current score of 5 is based on the fact there have been WLIMS outages over recent years.																																									
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																								
- The national Infrastructure Management Board (IMB) and Service Management Board (SMB) are the boards that oversee Major Incidents, identify risks for national services and make recommendations to improve the availability of national services. - These boards meet monthly to hold NWIS to account for delivery of services. - Infrastructure major incident reviews are undertaken with selected board members and recommendations agreed in the board. - The impact of outages is partly mitigated by the Business Continuity plans that are in place within the Service Delivery Units to allow operational services to continue during a data center service outage.		Action	Lead	Deadline																																						
		Representation at SMB, IMB and NSMB	Head of ICT Operations	29 th January 2021																																						
		Representation on EPRR	Informatics Business Manager	29 th January 2021

Assurances (How do we know if the things we are doing are having an impact?)		Gaps in assurance (What additional assurances should we seek?)																																								

NWIS have a Programme of works to upgrade out of date equipment. The network upgrade Programme was completed this year at the NDC and BDC. The final report on the BDC outage has been received and recommendations put in place to increase maintenance levels and monitoring. NWIS have produced an action plan which is agreed in the IMB and progress monitored. Any deviation from the action plan will be escalated to the SMB and if appropriate to the NHS Wales Informatics Management Board which is chaired by the Chief Executive Officer of NHS Wales and has Executive level board members. In addition, it is recommended that serious consideration should be given to identifying and funding an alternative Tier 3+ facility (in line with the NDC) to host these critical systems. WLIMS 2016 upgrade is required to address some of the technical issues experienced on the existing version. This is planned for September 2020. A re- procurement of a new Pathology Laboratory Information Management system is in progress with timescales An architecture review is underway to assess current services and make recommendations on future services (including hosting services).

Health & Care Standard: 2.1.1 Managing Financial Risk		Target Date: 31st December 2020																																									
Objective: Best Value Outcomes from High Quality Care		Director Lead: Darren Griffiths. Director of Finance (interim)																																									
		Assuring Committee: Performance and Finance Committee																																									
Risk: The total quantum for funding for addressing COVID-19 across Wales remains fluid and uncertain. There is a risk that the organisation's operational cost of addressing the pandemic cannot be contained within available funding resulting in a potential breach of the planned outturn for 2020/21. In addition the Health Board's ability to meet its planned savings programme is impacted by the service response to COVID-19, which will potentially also impact on the Health Board's underlying financial position.		Date last reviewed: August 2020

Level of Control = 25%	Rationale for current score: - Whist the Health Board submitted a financial deficit plan for 2020/21 of £24.4m this has never been formally agreed. - Welsh Government articulated a clear message to NHS Wales that organisations needed to plan to meet the demands of COVID-19 based on clear planning assumptions. This involved the commitment of expenditure above funded levels - The National funding response for COVID-19 costs is challenged in terms of levels of forecast spend driving uncertainty into the overall financial plan for NHS Wales; the Health Board is part of this - Whilst some funding has been allocated to Health Board to support field hospital set up costs and staff cost in quarter 1, there is a lack of clarity of the source of future funds and the methodology for the allocation of funds to Health Board.																																										
Date added to the HB risk register July 2020																																											
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)																																									
The Health Board is doing the following: - - Reporting system developed to accurately capture and describe impact of the response on the healthcare system in finance terms - Active participation in weekly Director of Finance calls to shape All Wales response - Routine reporting to Welsh Government of the position - Finance Review Meetings with Units to explore opportunities to maintain cost control, savings delivery and a proportionate COVID-19 response - Transparent exchange of position with Finance Delivery Unit		Action	Lead	Deadline

Review all of KPMG pipeline savings opportunities to test whether these can be accelerated in the light of COVID-19 impact.	Oversight arrangements in place at Board level and through the command structure.	Director of Finance	Monthly
Assurances (How do we know if the things we are doing are having an impact?) The Health Board financial performance is reviewed and monitored through : - Monthly financial recovery meetings - Performance and Finance Committee - Routine reporting to Board of most recent monthly position and impact on year end forecast of changes in response to the disease and national funding streams	Gaps in assurance (What additional assurances should we seek?) Budget delegation letters to be issued once budget setting round complete. This will include the management of COVID costs.		
Current Risk Rating 4 x 5 = 20	Additional Comments		

Datix ID Number: 2449		HBR Ref Number: 72		
Health & Care Standard: 2.1.1 Managing Financial Risk		Target Date: 31st December 2020		
Objective: Best Value Outcomes from High Quality Care Impact of COVID-19 pandemic on the Health Board Capital Resource Limit and Capital Plan for 2020-21		Director Lead: Darren Griffiths. Director of Finance (interim) Assuring Committee: Performance and Finance Committee		
Risk: Impact of COVID-19 pandemic on the Health Board Capital Resource Limit and Capital Plan for 2020-21		Date last reviewed: August 2020		
Risk Rating (consequence x likelihood): Initial: 5 x 4 = 20 Current: 5 x 4 = 20 Target: 5 x 1 = 5				
Level of Control = 25%	Rationale for current score: - As a result of the COVID-19 pandemic, the level of capital resource available to Welsh Government to support Health Boards is restricted. This means that Health Boards have been advised that their current agreed Capital Resource Limit will not be increased. - The current Health Board capital plan included commitments for which further Welsh Government capital resource was anticipated, which results in a potential over-commitment of the capital plan of around £7.5m. - It is likely that due to slippage on capital schemes, this over-commitment will reduce. - There is a potential for further capital requirements arising from service model changes which will need to be managed. Some schemes may have to be slipped in terms of timeframe to ensure the integrity of the CRL in 2020/21.			
Date added to the risk register July 2020				
Controls (What are we currently doing about the risk?)		Mitigating actions (What more should we do?)		
The Health Board is doing the following: - - Regular dialogue with Welsh Government regarding capital requirements. - Clear communication and reporting of the capital position, the risks and limitations. - Close management of all schemes to ensure slippage is understood along with the impact on service. - Clear prioritisation of any new requirements recognising the current constraints		Action	Lead	Deadline
		Formal review of existing capital plan to revise schemes and scheduling of schemes to move to balance.	Head of Capital Finance	30 th September 2020
		Appraise Welsh Government of content of revised plan to consider possibilities of support for key areas.	Head of Capital Finance	30 th September 2020
		Routine assessment of local demands for discretionary capital spend through internal capital prioritization group	Head of Capital Finance	Monthly

Assurances (How do we know if the things we are doing are having an impact?) The Health Board capital position is reviewed and monitored through : • Monthly capital prioritisation group • Performance and Finance Committee • Monthly Monitoring Returns to Welsh Government.	Gaps in assurance (What additional assurances should we seek?) Reporting on impact of constraints to the capital programme on service delivery.
Current Risk Rating 4 x 5 = 20	Additional Comments

Datix ID Number: 2450 Health & Care Standard: 2.1.1 Managing Financial Risk		HBR Ref Number: 73 Target Date: 31st March 2021		
Objective: Best Value Outcomes from High Quality Care The Health Board underlying financial position may be detrimentally impacted by the COVID-19 pandemic. The COVID-19 pandemic has impacted on the Health Board ability to plan and execute the required level of recurrent savings delivery. There is a potential for a residual cost base increase post COVID-19 as a result of changes to service delivery models and ways of working.		Director Lead: Darren Griffiths. Director of Finance (interim) Assuring Committee: Performance and Finance Committee		
Risk:		Date last reviewed: August 2020		
Risk Rating (consequence x likelihood): Initial: 5 x 4 = 20 Current: 5 x 4 = 20 Target: 5 x 1 = 5		Rationale for current score: - The Health Board financial plan included a required £23m savings delivery. The savings were developed supported by KPMG review. The plans were not fully developed and further work was required during March and April to produce clear plans and milestones. - The COVID-19 pandemic has required a significant management response and therefore the development of these plans have been delayed. - Where clear plans had been developed, in the majority of cases the implementation of the plan has been delayed and may no longer be able to be taken forward due to changes in service delivery models. - Many of the service delivery models across the Health Board have had to change as a result of COVID-19 pandemic. Some of the changes to service delivery and ways of working will remain in place post pandemic which may recurrently increase the cost base of the Health Board.		
Level of Control = 25%		Rationale for target score: By ensuring that opportunities are taken to drive forward efficiency opportunities and service changes to support improved service and financial sustainability.		
Date added to the HB risk register July 2020

		Monthly financial review and assessment of savings to be included in financial reporting	Director of Finance	Monthly
		Savings opportunities and pipeline to be reviewed and options for development of plans taken forward through SLT	Director of Finance	Monthly

• Clear understanding of underlying impact of changes to service models and costs of new service models. • Review all of KPMG pipeline savings opportunities to test whether these can be accelerated in the light of COVID-19 impact.	Impact of reset and recovery to be assessed through QIA process to ensure clear understanding of impact on underlying cost base.	Director of Finance	Monthly
Assurances (How do we know if the things we are doing are having an impact?) The Health Board financial performance is reviewed and monitored through : • Monthly financial recovery meetings • Performance and Finance Committee • Routine reporting to Board of most recent monthly position and impact on year end forecast of changes in response to the disease and national funding streams	Gaps in assurance (What additional assurances should we seek?) Reporting on savings opportunities and service change impacts to be developed.		
Current Risk Rating 4 x 5 = 20	Additional Comments		

Risk Score Calculation

For each risk identified, the LIKELIHOOD & CONSEQUENCE mechanism will be utilised. Essentially this examines each of the risks and attempts to assess the likelihood of the event occurring (PROBABILITY) and the effect it could have on the Health Board (IMPACT). This process ensures that the Health Board will be focusing on those risks which require immediate attention rather than spending time on areas which are, relatively, a lower priority.

Risk Matrix	LIKELIHOOD (*)				
CONSEQUENCE (**)	1 - Rare	2 - Unlikely	3 - Possible	4 - Probable	5 - Expected
1 - Negligible	1	2	3	4	5
2 - Minor	2	4	6	8	10
3 - Moderate	3	6	9	12	15
4 - Major	4	8	12	16	20
5 - Catastrophic	5	10	15	20	25
