## Inpatient Falls Data

Inpatient Data are retrieved from the Datix incident management system. They are classified (in CCS2) as the following:

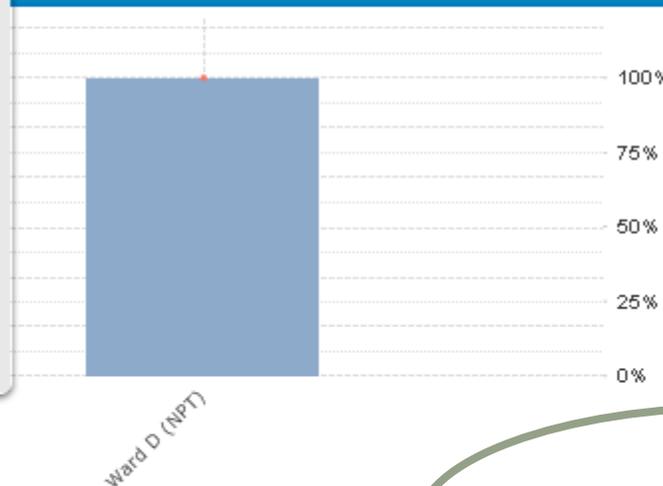

- Incident type tier 1 = Patient Accidents/Falls
- Incident type tier 2 = Suspected Slips/Trips/Falls (un-witnessed) or Witnessed Slips/Trips/Falls

Please note that the date is the date the incident was reported.

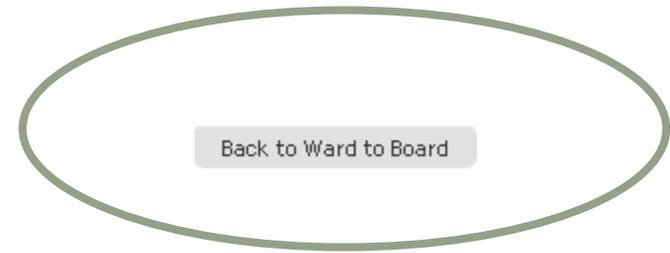

The data excludes rejected incidents and incidents in the holding area.
