QUALITY & SAFETY PERFORMANCE REPORT

1. INTRODUCTION

The purpose of this report is to provide an update on current performance of the Health Board at the end of the most recent reporting window in delivering key performance measures outlined in the NHS Wales Delivery Framework and local Quality & Safety measures.

2. BACKGROUND

The NHS Wales Delivery Framework sets out measures under the quadruple aims which the performance of the Health Board is measured. The aims within the NHS Delivery Framework are:

- **Quadruple Aim 1:** People in Wales have improved health and well-being with better prevention and self-management
- **Quadruple Aim 2:** People in Wales have better quality and more accessible health and social care services, enabled by digital and supported by engagement
- **Quadruple Aim 3:** The health and social care workforce in Wales is motivated and sustainable
- **Quadruple Aim 4:** Wales has a higher value health and social care system that has demonstrated rapid improvement and innovation, enabled by data and focused on outcomes

In recent years, performance management against the Performance Framework targets has been undertaken by reviewing the previous months' performance, to reduce the reporting function during the COVID-19 pandemic. Welsh Government have now deemed it appropriate to move away from reporting performance against the 'Quadrants of Harm' and focus will return to providing comprehensive performance updates in line with the All-Wales Performance Management Framework 2023/24.

3. GOVERNANCE AND RISK ISSUES

Appendix 1 of this report provides an overview of how the Health Board is performing against the National Delivery measures and key local measures. Mitigating actions are listed where performance is not compliant with national or local targets as well as highlighting both short term and long terms risks to delivery.

4. FINANCIAL IMPLICATIONS

At this stage in the financial year there are no direct impacts on the Health Board's financial bottom line resulting from the performance reported herein.

5. RECOMMENDATION

Quality, Safety and Patient Experience		
<p>The performance report outlines performance over the domains of quality and safety and patient experience, and outlines areas and actions for improvement. Quality, safety and patient experience are central principles underpinning the National Delivery Framework and this report is aligned to the domains within that framework.</p> <p>There are no directly related Equality and Diversity implications as a result of this report.</p>		
Financial Implications		
At this stage in the financial year there are no direct impacts on the Health Board's financial bottom line resulting from the performance reported herein.		
Legal Implications (including equality and diversity assessment)		
A number of indicators monitor progress in relation to legislation, such as the Mental Health Measure.		
Staffing Implications		
A number of indicators monitor progress in relation to Workforce, such as Sickness and Personal Development Review rates. Specific issues relating to staffing are also addressed individually in this report.		
Long Term Implications (including the impact of the Well-being of Future Generations (Wales) Act 2015)		
<p>The '5 Ways of Working' are demonstrated in the report as follows:</p> <ul style="list-style-type: none"> Long term – Actions within this report are both long and short term in order to balance the immediate service issues with long term objectives. 		

- **Prevention** – the NHS Wales Delivery framework provides a measurable mechanism to evidence how the NHS is positively influencing the health and well-being of the citizens of Wales with a particular focus upon maximising people’s physical and mental well-being.
- **Integration** – this integrated performance report brings together key performance measures across the seven domains of the NHS Wales Delivery Framework, which identify the priority areas that patients, clinicians and stakeholders wanted the NHS to be measured against. The framework covers a wide spectrum of measures that are aligned with the Well-being of Future Generations (Wales) Act 2015.
- **Collaboration** – in order to manage performance, the Corporate Functions within the Health Board liaise with leads from the Service Groups as well as key individuals from partner organisations including the Local Authorities, Welsh Ambulance Services Trust, Public Health Wales and external Health Boards.
- **Involvement** – Corporate and Service Groups leads are key in identifying performance issues and identifying actions to take forward.

Report History	The last iteration of the Quality & Safety Performance Report was presented to Quality & Safety committee in August 2023. This is a routine monthly report.

August 2023 saw an increase in the number of patients waiting over 63 days. The following actions have been outlined to support backlog reduction;																																																																			
<ul style="list-style-type: none">- Individual meetings have taken place with tumour sites to explore additional work to support a further reduction in the backlog- The cancer tracking facility will be centralised from October 2023 to support focussed tracking with a whole system approach- Targeted work is being undertaken to focus on reducing the number of patients waiting >104 days as a priority
