# NEATH PORT TALBOT HEALTHY RELATIONSHIPS FOR STRONGER COMMUNITIES 2020-2023

## 1. INTRODUCTION

The Violence against Women, Domestic Abuse and Sexual Violence (Wales) Act 2015 places a duty on Councils and Health Boards to produce and implement joint local Strategies. The first Neath Port Talbot Council and Health Board joint 3 year Strategy was launched in 2017.

## 2. BACKGROUND

Neath Port Talbot Council and the Health Board have restated their commitment to tackling domestic abuse and jointly prepared the second Neath Port Talbot Healthy Relationships for Stronger Communities 2020-2023 Strategy (Appendix 1). Since the publication of the first Strategy various changes have been made and progress is highlighted throughout the revised Strategy which has been developed with the involvement of both partner agencies and survivors.

The Strategy is an overarching plan which outlines the priority areas and strategic direction around healthy relationships and the implementation of the Violence against Women, Domestic Abuse and Sexual Violence (Wales) Act 2015 within Neath Port Talbot. It aims to tackle all forms of violence in relationships, responding to the growing number of referrals being received by specialist providers; reducing harm and improving the lives of those affected.

The Strategy was approved by Neath Port Talbot Councils' Cabinet in June and presented to and approved by the Health Board Safeguarding Committee on the 14<sup>th</sup> August.

## 3. GOVERNANCE AND RISK ISSUES

This agenda is **'everyone's business'** and is a cross cutting theme that requires all areas of public policy to address violence in domestic and public spheres, to shape and improve the delivery of services for those affected and to meet the requirements outlined in the Violence against Women, Domestic Abuse and Sexual Violence (Wales) Act 2015. This Act places a statutory duty on the Local Authorities and Health Boards to jointly prepare and publish strategies to meet local needs and to prevent all forms of Violence against Women, Domestic Abuse and Sexual Violence (VAWDASV).

The term "Violence against Women" which is used nationally and in this Strategy refers to the range of crime types which are **predominantly, but not exclusively**, experienced by women and girls. Such gender-based violence includes domestic abuse, rape and sexual violence, stalking, female genital mutilation, forced marriage, crimes committed in the name of 'honour', trafficking, sexual exploitation, including commercially through the sex industry, and sexual harassment in the workplace and

public. Having a co-ordinated approach to addressing these issues does not mean this neglects abuse directed towards **men and boys** or other groups and individuals who experience these forms of violence, or neglects to deal with violence perpetrated by women, where this occurs.

The Strategy encourages partners to further work together to achieve positive outcomes for all victims of VAWDASV. Having a co-ordinated community response ensures that all relevant organisations effectively respond to these issues, both within their own agencies and in collaboration with other partners, to prevent harm, reduce risk and increase immediate and long-term safety for people living in Neath Port Talbot area.

This agenda affects all children and adult services, housing, the police, health, probation, civil and criminal courts, voluntary and community organisations. It is everyone's responsibility to address all forms of VAWDASV by identifying and supporting survivors and their children and holding perpetrators accountable, whilst offering opportunities to change their behaviour.

Violence and abuse affects people regardless of their age, race, religion, sexual orientation, gender, class and marital status. Violence in relationships may have a range of consequences including homelessness, mental health, problematic substance misuse, child protection issues, physical injury and offending behaviour

Since the development of the first 'Healthy Relationships for Stronger Communities Strategy' in 2017, significant progress has been made. This revised strategy will further build on these achievements, working towards preventing VAWDASV and better supporting those who are affected.

#### **4. FINANCIAL IMPLICATIONS**

This report makes no recommendations to the Group that carry financial implications

#### **5. RECOMMENDATION**

The Board is requested to approve the Neath Port Talbot Healthy Relationships for Stronger Communities Strategy 2020-2023 and the prepared press release (Appendix 2)

| <p>The Health Board has a statutory responsibility to make arrangements to protect and safeguard the welfare of children, young people and adults at risk. Safeguarding policies uphold that patient and service users have the right to independence, dignity, respect, equality, privacy and choice.</p> <p>The Violence against Women, Domestic Abuse and Sexual Violence (Wales) Act 2015 places a duty on Councils and Health Boards to produce and implement joint Strategies.</p>                           |                                                                                                                                 |                                     |
| <b>Staffing Implications</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                 |                                     |
| This report makes no recommendations to the Group that carry staffing implications                                                                                                                                                                                                                                                                                                                                                                                                                                 |                                                                                                                                 |                                     |

**Long Term Implications (including the impact of the Well-being of Future Generations (Wales) Act 2015)**

- **Prevention** - acting to prevent problems occurring or getting worse may help public bodies meet their objectives.
- **Collaboration** - Collaboration with persons may help the organisation meet its well-being objectives.
- **Involvement** - The importance of involving people with an interest in achieving the well-being goals, which includes staff engagement
- Improve population health through prevention and early intervention

**Report History**

This Strategy was presented and approved by the Health Board Safeguarding Committee, 14<sup>th</sup> August 2020
