W&OD 1	0ct-08		Capacity of Workforce and OD Function within ABMU link to Work of the future & Digital Workforce & Employee Engagement/Culture	Since the establishment of the Health Board in 2009 there has been a significant reduction in the workforce and OD staffing levels. The current capacity of the team and the team's ability to provide appropriate, high quality and timely advice on both operational and strategic issues is a significant area of professional concern.Current resourcing levels have been benchmarked with other Health Boards (to date only for the core workforce arm of the function) demonstrates that ABMU has the lowest ratio of workforce staff to staff headcount of all Health Boards in Wales.			Full risk register developed and presented to WF&ODC and Audit committee. IMTP for workforce function in preparation.		Resignation of the OD and Staff Experience Pro Manager and OD and Staff Experience Administr at extremely busy time of the year (run up Chairman's Awards and Patient Choice Awar Short term availability of funding will impact service delivery in Learning and OD if a structur not put into place before end of funding. Resignation of Band 6 Facilitator means impact delivery of induction and training until a replacen is recruited. TI funding currently 40k overspend due to delay recruitment to Recovery and Sustainab temporary funding which has now expired. One y contract offered in order to deliver outco outlined in TI WG return. Business case submitted to CEO for addition resource requirment
	U		Funding of "In Work Support Service"	The ESF funded 'In Work Support Service' has been a partnership between the Health Board and Welsh Government and since 2015 has provided approximately 500K funding per annum to support the multidisciplinary clinical and administrative team - the current funding agreement ends in August 2018. ABMU has become accustomed to the service provided by the Wellbeing through Work team and this is now an established and reputable support service. Written assurance has been provided by Welsh Government Project Leads that extension funding will be provided and this has been planned until 2022, however, the Health Board has not yet received written confirmation from the related Cabinet Secretaries (Economy and Health & Social Care) nor written agreement from WEFO that this will commence form 1st September 2018.			Grant letter signed by ABMU on 19/2/19 to agree funding from Welsh Government (via ESF) and delivery of service until Dec 2022		We are currently monitoring service outcomes as although referrals to the service are meeting predicted numbers, gaining the required ESF eligibility evidence from participants is proving problematic, resulting in lower service outcomes (WEFO will only accept an outcome if eligibility evidence is complete).
W&OD 2	GΗ/KJ		Sickness Absence Management	There is a need to manage long term sickness more proactively which takes time, both managerial and workforce. It is perceived that workforce practitioners get involved in many cases at a late stage, thus elongating periods of absence that could have been resolved at an earlier date.			 Draft Attendance plan developed as part of the R and S programme which includes: Sharing internal best practices in managing attendance (POW Case Study) with all DU's. Create new Attendance Audit for ABMU in line with New MAAW Policy. Create new Cultural Audit for ABMU to measure the culture of each department. Pilot Focusing on early communication and support to aid early RTW for Short Term Absences. Strategically align Health & Wellbeing plans with Attendance Management work stream. Testing of Absence Data. Develop pilot within Facilities to test and exploit the benefits of using ESR Manager Self-Serve in managing absence more effectively. Exploring options to use the ER Tracking system to support managemnt of LTS cases Confirm and challenge panels led by Director of W and OD to be carried out with each SHRM to fully understand HR activity within each Unit on the management of Sickness absence. Particular focus to be placed on the management of LTS Paper submitted to W and OD committee outlined current performance and actions being taken to mitigate high absence for reasons of Stress and MSK conditions. 	Long term sickness levels have improved over last two months data. Difficulty in focussing resurces on sickness due to operational workforce team numbers.	Long-term sickness saw rates improve between January 2019 to March 2019. Although the curren performance for April 19 stands at 4.07% which is increase on previous months performance. With 1 impact of Bridgend boundary change reducing available hours by 103,493, absence percentages have inflated due to PoW delivery unit's historical good absence performance. Confirm and challeng sessions have been held with all delivery units and there are new plans in place, focusing on long-ten absence reductions.

Q1 - 2019	
hation of the OD and Staff Experience Project ger and OD and Staff Experience Administrator tremely busy time of the year (run up to nan's Awards and Patient Choice Awards). term availability of funding will impact on e delivery in Learning and OD if a structure is it into place before end of funding. erm sickness saw rates improve between ry 2019 to March 2019. Although the current mance for April 19 stands at 4.07% which is an se on previous months performance. With the t of Bridgend boundary change reducing ble hours by 103,493, absence percentages inflated due to PoW delivery unit's historically absence performance. Confirm and challenge ns have been held with all delivery units and are new plans in place, focusing on long-term ce reductions.	

SV	Sickness Absence of Medical Staff	There is likely to be under-reporting of current levels of absence and a lack of clarity and lack of resourcing about the lead responsibility (with the workforce team) for managing this exacerbates the problem.Also, following negotiations at a national level, the re-introduction of unsocial hours pay for sickness absence with effect from December 2017 may have the impact of further driving up sickness rates in some staff groups. This needs to be closely monitored. In relation to this Welsh Government has set a national target of 4.2% to be achieved by March 2019.Also, following negotiations at a national level, the re- introduction of unsocial hours pay for sickness absence with effect from December 2017 may have the impact of further driving up sickness rates in some staff groups. This needs to be closely monitored. In relation to this Welsh Government has set a national target of 4.2% to be achieved by March 2019. Occupational Health services is a critical enabler to support the effective management of staff well-being and sickness absence cases. Demand is increasing and access to and delivery of OH services is currently an obstacle in the timely and robust management of sickness	Only deaing with urgent cases at present but recognise more needs to be done which is currently resource dependant . n Continue to report the risk to the appropriate committees TI funded AHP delivery of management referral clinics commenced Jan 2019 and has resulted in initial reduction in waiting times for staff to be seen to 2 weeks - this requires longer term evaluation as the only full time Doctor retires May 2019. Training to use speech recognition software being delivered Feb 2019 which will reduce waits for managers to receive reports. Exercise the second	•Discussions between SBU and CTM Exec Directors have resulted in the retire and return of the Occupational Health Consultant to deliver services across both Health Boards. 		absence within the HB. Difficulties recruiting experienced Nursing staff and Nursing sickness absence continue to compound effective service delivery and the ability of the Health Board to fully discharge its duties related to HSE Health Surveillance standards. The future provision on OH services requires urgent strategic review to determine the most appropriate future operating model given the potential retirement of two doctors and the Senior Nurse Manager in early 2019.	2019 which will reduce waits for mangers to receive reports. Exec team has agreed future multidisciplinary model for OH uisng digital solutions to transform the service and retire and return of OH Consultant will support this. Scanning of OH records commenced Jan 2019 as a result of IBG funding with aim of full e-record for all staff by Oct 2019	Specialist Doctor to enable a sustainable medical resource across both Health Boards • The Senior Nurse Manager post has been recruited to since the retirement of the previous post holder • A Specialist AHP Lead post is being developed to enable a wider multi-disciplinary team approach and will increase capacity after the retirement of the only full time Specialist Doctor • Scanning of OH records continues with Morriston Hospital being complete by end of April 19 - efficiencies being recognised within admin team as paper notes decrease and waiting times continue at 2 weeks	being planned fo sustainable med Boards • The Senior Nur to since the retir and the Nursing advert - reduced contributing to s employment hea • A Specialist AH enable a wider n will increase cap full time Speciali • Scanning of OF complete by Sep • Service data to 10) in July 19 wit efficiencies as a
GH/KM/KJ	Management of Sickness and Absence	Sickness absence is one, amongst many other measures of employment engagement and symptomatic of organisational culture. In the publication 'Engaging for Success – Enhancing performance through employee engagement' MacLeod & Clarke (2012) cited that engaged employees in the UK take an average 2.69 sick days per year, versus 6.19 taken by disengaged employees. Therefore effective management of sickness absence is far greater than dealing with sickness absence per se; it requires a concerted effort to build an engaged organisational culture, built on authentic visible leadership which allows individuals to perform, innovate and grow.High levels of sickness absence can be a symptom of an unengaged workforce but in parallel with effective S/Abs manage practices the HB must also treat the underlying cause.	 Implementation of new all Wales Managing Attendance policy. Commenced training for managers regarding the new all Wales Managing Attendance policy. Currently developing paper outlining the significant resource impact of training all managers on the revised all Wales policy and options to achieve this. Confirm and challange panels with SHRM's focusing on the management of LTS within each unit 	Long term sickness levels have improved over last two months data. Difficulty in focussing resurces on sickness due to operational workforce team numbers. LG	Stress and Work	Mental health related sickness absence is now the primary reason for long term sickness absence within the Health Board with 30% of long term absence being attributable to this. As a result, additional staff counselling support has been made available and the Invest to Save two year funded 'Staff Wellbeing Advice and Support Service' has recently been launched, providing fast access for staff for health support. Training in 'Understanding mental health in the workplace' for managers is now available along with training in using HSE Stress Management standards to assess the risk of work related stress.		 Continued delivery of Invest to Save 'Staff Wellbeing Advice and Support Service' - aim for staff to receive initial contact with the service within 5 days of self-referral . Averaging 90 staff referring monthly - 70% for mental health support and 30% musculoskeletal support. Continued delivery of Mental Health awareness sessions to managers. To date 16 sessions have been delivered to 132 managers. Continued delivery of Work related stress risk assessment training for managers. To date 24 sessions have been delivered to 210 managers in total 	 4 menopause wellbeing workshops have been planned March -June across the Health Board to pilot this approach at early intervention for staff • Over 340 Wellbeing Champions have been trained and are supporting their colleagues to access support for health at work concerns • Since April 2018, 32 Work Related Stress Workshops have been delivered to managers with 267 attendee's and 24 Mental Health Awareness Workshop with 209 managers attending. 	*4 menopause x place attended l session planned intervention for * Post boundary 302 trained Wel support colleage wellbeing issues *Since May 2012 'understanding i run over 28 sess *Priority appointments p for staff who are for support.
GH/KG		At current levels the total cost of sickness absence is calculated as £24m. This measures the 'value of staff time' lost essentially.		Long term sickness rates have improved in the last 2 months and the current performance for November 18 is 3.97% and is an improvement of 0.35% compared to reported levels at the same period last year. This may have some impact on reducing overall costs . However until the overall rate reduces this may not be particularly evident. It should be noted that the impact of the boundary change is likely to worsen our sickness performance as an organisation as the POW unit is our best performing unit for sickness absence • LTS management within units to be the focus of confirm and challenge panels with SHRM's	Confirm and challenge panels are currently being undertaken. Long term sickness levels have improved over the last two months data.	Prior to the Brid reported numbe improved betwe is mainly due to sickness levels, performance re. Sustainability of resources remai above.
JQ		The number of Disciplinary, Grievance, and Dignity at Work etc cases is currently at an exceptionally high level at circa 180 cases in total. By way of comparison C&V (70) AB (60) H Dda (70) CT (30). This is a huge resource drain on both the workforce team and managers.		System Configuration will be completed and local testing started to support go live Mid April 2019	Long term sickness levels have improved over the last two months data.	System Configu testing complet Governance ide through prior to
JQ	Officers	The skills of investigation officers (IOs) has been of concern and the current organisational structure supports the potential for variation in practice and standards. Of the cases reviewed on 20 – 25 % of occasions the delays were related to the progress/pace of IOs. A previous HIW investigation recommended the establishment of an investigation team to deal with complex cases as there has been severe criticism on the quality of investigations and the HB did commit to address this.		IGB case for Investigation team approved in Oct 2018. Work now underway to establish and recruit to the team.	Adverts for Investigation Officers and the Team Support Officer have been published on NHS Jobs.	Three Investigat expected to con August 2019

enopause wellbeing workshops have taken attended by a total of 26 staff with one further on planned for June 2019, focusing on early vention for staff. t boundary change the organisation now has rained Wellbeing Champions available to opt colleagues that experience health and eing issues at work. e May 2018 234 managers have atteneded verstanding mental health for managers training' ver 28 sessions within the orgainsation. rity appoimntments for staff councelling - 4 intments per month have been made available aff who are identified as requiring faster access upport.	
to the Bridgend boundary change impacts on ted numbers, overall sickness performance oved between January 19 and March 2019. This inly due to the focus on reducing long-term ess levels, which has delivered a reduction in rmance reaching below 4% in March 2019. inability of this approach within current irces remains a challenge as already highlighted a.

This may impact the work of the VT in 2019/2020.	Government procurement for the all age programme. This may impact the work of the VT in 2019/2020
	GH/KJ	International Recruitment Campaign	A further international recruitment campaign is being developed to source overseas nurses but to learn lessons from previous campaigns the Health Board has determined that nurses will only be interviewed if they hold the appropriate IELTS qualification. This will speed up the recruitment timeline significantly and should be a better operating model as long as companies can furnish staff with the appropriate IELTS standard. The impact of the Nurse Staff Act will further highlight and increase the reported vacancy levels within the Health Board.	Mini tender has not been progressed due to a delay in the renewal of the LPP framework. This is outside of the HB's control. Business case being developed to bid for further funding to continue overseas nurse recruitment in 2019/20 including resource to administer the process. Business case has been submitted for initial scrutiny to secure further funding into 2019/20 to continue with recruitment of overseas nurses.	Further information has been provided as requested from scrutiny process. Awaiting outcome from IBG	Awaiting outcome from IBG regarding business case in order to sucure funding for 19/20. meeting held with procurement to pursue some short term international recrruitment whilst the framework is being sorted. Due to our current contract with our current provider being out of date. Procurement arr in the process of putting in a short term solution in place to enable us to take advantage of any IELTS passed nurses who our current provider have available for recruitment.
	GH/KJ	Exit Interviews	The Health Board does not have any consistent way of conducting exit interviews which are critical to know how to address turnover and improve staff retention. There are a number of systems on the market there is a UK based system available today for as little £4K per annum, including set up, design of questions, regular reporting and analysis.	Training to HR team on the ESR EQ process arranged but had to be postponed due to illness. Session now taking place in January. HR team will cascade in their areas in order to make managers aware of process. Re arranged training has had to be rearranged again due to further illness of trainer. Plan now to take place in March 18	Meeting postponed until May due to resource issues.	Training session on ESR exit questionnaire has now been arranged for July due to previous meetings being cancelled.
	SV	Personal Files	The inability to store files safely raises both reputational and actual risks for the Health Board through possible Information Commissioner fines which can be considerable. The files currently held at Gorseinon, Cefn Coed, Singleton and with Robbins Brothers need to be culled and ideally scanned. Looking to the future a full digitisation solution should be considered	Workforce ready to move the files from Gorseinon but waitng for the unit to be completed. This is taking longer than anticipated. The files are due for move on the 3rd May		Files moved to Neath on the 3rd May. Further incident occurred in Singleton as the files were not a secure room. Estates have fitted a device which will trigger the fire alarm if tampered with. This is only a short term solution however.
	υQ	GDPR	Of particular concern is the new deadlines for releasing personal data under the statutory Subject Access Request (SAR) and the publicity around GDPR which may of itself increase the likelihood of staff seeking to see their data. We are currently looking at a revised SAR policy and the optimum way to make staff aware of both their rights and the HB responsibilities. The current post that supports this activity is currently not funded.	Draft SAR policy completed no resolution to funding resource issues as yet.	Further disucssions on SAR completed with a view to agreeing way forward.	
	DQ	Welsh Language Standards	Revised Welsh Language Standards will come into place in 2018. For ABMU the implications of providing training and support to staff who wish to learn the welsh language has both costs and resource implications. Staff will also be able to require the health board to conduct all forms of internal processes e.g. disciplinary, sick absence management through the medium of the welsh language, this will be challenging in a practical context for both managers and workforce staff.	Awaiting reconveined Welsh Language group meeting to go through HB response.	Undertaking review of compliance notce from a workforce perpective and awaiting SBLHB meeting to disucss response.	Ability to deliver Training and Development in Wels Ability to deliver Induction in Welsh. Meeting of the SB welsh language group has been held and away forward to review the compliance notice agreed. Further actions are expected throug more regular meetings of this group.

	IJ		gh change	Risk to staff engagement, well being and attendance if change as a result of the Bridgend Boundary Change isn't well led and well managed.				
W&OD 8	KM	Manag Manag	gement jilities	Resources to support leadership development is limited. Temporary resourcing has been secured to increase the scale of leaderhip activity, including extending the roll out of Footprints and developing Bridges . This resource temporary resource is funded via TI monies and is in place until March 2020. At that point, our capacity returns to current levels.		Planning complete for 2019 programmes. Pilot of 2 bridges programme (8a plus managers).	Programmes continue to run and gain momentum. Footprints has been nominated for a national HMPA Award. There is no update on this risk.	
	Km	Intern Schen		Cohort 2 is pending confirmation of funding from the units, despite success of Cohort 1, impact and calibre of students. The risk is that if no funding is forthcoming, all work set up for running our internal graduate scheme will be lost, unless the organisation is willing to centrally fund the students.		Confirmation of 1 post for Singleton; 1 post for NPTH. Still awaiting feedback from other units. Interest from Director of Corporate Governance.	Funding has been allocated via an agreement to top slice funding. The Graduate Growth Scheme is currently out to advert (March 2019). Currently out to advert for graduates.	Internal staff recrui rganisational risk in
	КМ	Appre Acade	emy .	Currently our apprenticeship academy has 2 coordinator and 1 apprenticeship post which are funded externally by our partners, Neath and Bridgend colleges. Provided we meet our performance indicators, this funding will continue. However, there is a risk that the funding could be withdrawn if there are changes to education policy or if we don't meet our numbers (e.g. in Bridgend – currently not meeting our targets as focus on boundary change). Bridgend has very recently formally served us notice and our contract will end in September 2018.		October 2016-October 2018 = 165 total apprentices. 27.3% have secured permanent jobs in ABMU and 6% have progressed onto higher apprenticeship frameworks. 26 apprentices are currently awaiting start dates	The Apprentice Academy Apprentice has gained employment. Discussion has been had with NPTC group around the replacement of this post. Funding has been agreed for a further 12 month period. The apprentice coordinator for Singleton funded by Gower College will not continue. The L+D Project manager is in discussions with Gower to ensure continuity for the staff on Singleton Site. No update to this risk.	Recruitment of a su Singleton (funded a Recruitment ongoir
	sv/⊔	Medic		With the departure of Medical Director and the Assistant Medical Director and the imminent retirement of the Clinical Governance Coordinator, there is a leadership risk and a significant loss of organisational knowledge at a senior level, this will place increasing pressure on the Medical Education Centre Manager, in particular to manage forward plans and the relationship with the Deanery and the University.		Following discussions with the Medical Director research is underway to inform an options appraisal paper. This will include a review of what currently exists and what is needed for the delivery of Medical Education in future.	The Medical Director and Director of Workforce and OD have agreed a review of medical education. This is at a critical point for this as the Medical Education and Governance Manager retires at the end of April. Temporary changes have been agreed while a review is commisioned. 	KJ	Bridgend Boundary	This strategic change creates very significant additional		Recruited to team and work is bieng completed, howvere recruitment is on	Tupe and volunteer process has benn completed.	Residual work co
		Change	workload and risk for the workforce team. The process of managing the transfer and TUPE transfer process – identifying those affected, running the consultation process, managing the organisational change processes by April 2019 are enormous. The scale and complexity of the work required is unprecedented. Additional resources are critical to the delivery of this work programme and bids have been submitted to Welsh Government in this regard. There is a danger that the required resources – either in terms of money or people, will not be able to be identified which puts both the successful delivery of the boundary change and the delivery of all BAU activity at significant risk		basis of FTC and we may lose some of the team before completing the project We are working in partnership with CTUHB to mitigate the risk.	Currently accessing futre work load. WG are no longer funding transition team , we have two members of staff remaining who are managing the workload. TUPE transfer was effected on time, risk remain the volume of SLA's between CTMHB and SB UHB which when SLA services are reviewed will result in service disagregation and TUPE's for staff effected by this	resource require
	KJ	Recovery & Sustainability Programme	This programme of work makes significant demands on the workforce team. Short term finding has been provided and further financial support requested from Welsh Government. Unless 'additional' staff can be secured to focus on the work required there is a danger that delivery if the BAU agenda will further suffer.		Post holders have commenced work , however the staff due to funding staff are appointed on fixed term contracts and there is a danager they may seek permanent employment.	One to two memebers of staff has secured permanaet employmet outside the Helath Board , we are currently reviewing our requiremnt s for the coming year. With the HVO work commencing we will require additional rescource to deliver approprate workforce support	We have second therapies HVO w both posts until t not extended we support the proje
	HR	Priorities	There is an urgent need to agree and commit to a smaller range of workforce organisational priorities as the current resource constraints make it extremely challenging to operate effectively across all areas of activity. The workforce team has been asked to identify a list of activity that can be stopped to enable better focus on priority areas of work.				
	HR	Reputation	The workforce function wishes to both improve reputation within and value to ABMU. A significant number of limited assurance internal audits is a key focus of improvement.				
	JQ	Pay Deal (2018)	Lack of knowledge of the key points of the pay deal. Contentious issues • Pay progression • Unsocial Hours – reduction in sickness rate Run our own session on the pay deal for WF&OD staff Invite Finance Staff Invite Staff side Closure of Band 1 Band 1 disappears by 2021. Need to review all Band 1 posts. Meet with key managers Effect on replacement of Band 1 Staff in departments where band 1 is still used. Issue Bulletin re pay deal Direct staff to the pay journey tool Annual leave purchase calculations Staff who will pass through Pension contribution thresholds Spot salaries If we have any staff on spot salaries in the A4C banding structure we need to consider what we are doing with them. TUC's "Dying to Work" agreement We are committed to signing up to the TUC's "Dying to Work" agreement (staff with terminal illness). Incremental movements within the pay deal		Awiting confrmation of all wales groups looking at specific pay deal related commitments. Complete sign up to "TUC Dying for Work" scheme. Session on pay deal completed. Spot salary staff review completed in preparation of All Wales work managed through NHS Employers.	There have been very few queries regarding the 2018 pay deal in general so no further action planned. Prparation and action plan for the closure of Band 1 underway with the affected departments.
