| Recommendations          | Members are   | asked to endors | se the policy. |             |

## ALL WALES MEDICAL APPRAISAL POLICY

# 1. INTRODUCTION

The All Wales Medical Appraisal Policy (Appendix 1) is developed at an All Wales level to ensure a consistent approach across Wales. It promotes the value and worth of appraisals for ALL medical employees and contractors, and to ensure effective arrangements exist to facilitate appraisal for all such employees in a fair and consistent manner. It is not a mechanism by which employers review or judge performance against a contract of employment, job plan or service objectives. Appraisal and job planning are separate processes, though the outputs from each will inform the others.

Changes have been made in line with current guidance and legislation.

# 2. BACKGROUND

The All Wales Medical Appraisal Policy is developed to support the GMC revalidation process which allows the doctor to demonstrate that they remain up to date and fit to practise. Revalidation is based on local clinical governance and appraisal processes. Effective medical appraisal and subsequent revalidation will satisfy the requirements of Good Medical Practice (GMP) and support the doctor's professional development.

As part of annual appraisal, the portfolio of supporting information based on the GMP framework for appraisal and revalidation will be reviewed and discussed, and an evaluation made of the doctor's professional practice according to Good Medical Practice. This process is to be overseen by the Responsible Officer. Every five years the Responsible Officer makes a recommendation to the GMC that the doctor is suitable for revalidation by the GMC.

The responsible officer will inform the GMC of any concerns about a doctor's fitness to practise, or a doctor's refusal to engage in the processes that inform the revalidation process.

## 3. GOVERNANCE AND RISK ISSUES

Annual appraisal is a GMC (General Medical Council) requirement for ALL doctors leading to revalidation and supports development of clinical practice, drives improvement in clinical governance thus giving the health board and patients confidence and assurance that medical staff are up to date and fit to practise.

The policy has been shared with the Medical Workforce Board, Joint Local Negotiating Committee and Responsible Officer Advisory Group.

## 4. FINANCIAL IMPLICATIONS

Not applicable.

## 5. RECOMMENDATION

The Workforce and OD Committee are asked to endorse the all Wales policy on Appraisal for doctors.

Workforce and OD Committee –  $10^{th}$  December 2020
