Christmas Staff & Patient Story

Neath Port Talbot Childrens Unit staff member
and community patient

I can honestly say in the years I've worked at the centre, this year by far feels the most magical thanks to you all. One of the team took a gift to a little boy in school who's sister has just passed away and the family are so devastated there isn't much Christmas going on for them. He opened his gift.. cried his eyes out & so did his teacher 🥹

The amount of joy is immeasurable & the team are still talking about how we've never had a Santa visit in all these years. Some of the gifts are going to children who sadly won't see another Christmas as the families come to terms with the last time they will see their child unwrap a gift

We are so grateful x

Lighting up Lives Appeal

Swansea Bay Health Charity is giving you the chance to donate and remember a loved one or thank staff who went above and beyond.

We've put Christmas trees in the reception areas of Morriston, Singleton and Neath Port Talbot hospitals on which you'll be able to hang your special message.

Decorations in the shape of our charity star are available next to the tree at each site for a suggested donation of £2, which can be paid by cash, card or online via our Enthuse fundraising page. The back of the decoration is blank for you to write your message.

Thanks to our generous sponsors Newhall Janitorial and Tilbury Douglas, who have made this appeal possible, every penny raised will go to a good cause on that site.

For our first edition, we have raised over £3,000 which will go towards internal Christmas Activities & our general fund.

Bae Nadolig – Internal Charity Christmas Competition

We have been absolutely overwhelmed by the number of incredible entries and our Chair Jan Williams had an immensely difficult task to choose the winners (78 entries).

So, in recognition of the imagination, ingenuity and overall effort demonstrated Jan has chosen joint first places who will each receive £500 from charitable funds to spend on improving wellbeing in their area for patients, staff or both.

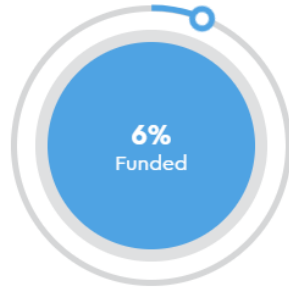

Joint 1st place: The Rehabilitation Engineering Unit (REU) and Oakwood Ward Morriston Hospital. Prize - £500 each from charitable funds.

2nd place: South West Wales Cancer Centre Radiotherapy Department. Prize - £250 from charitable funds.

3rd place: Ward E, Care of the Elderly at Morriston Hospital. Prize - £100 from charitable funds.
