Dear [REDACTED],

I refer to your Freedom of Information Act Request acknowledged by ourselves on 12<sup>th</sup> October 2020. Your request sought information relating to waiting lists.

The Covid-19 pandemic has caused huge disruption to NHS services, not just in Swansea Bay but across the UK. As with all health organisations, we had to suspend non-emergency services and appointments so our hospitals did not become overwhelmed while we cared for those seriously ill with the virus.

Inevitably this has affected waiting times as it has done with all other health boards. Clearly this is not something any of us would have wanted and we are extremely conscious of the potential consequences for patients. Since the start of the pandemic we have continued to care for those requiring urgent treatment.

Our hard-working staff have also come up with innovative solutions to protect services, adapt services to continue recognising the existence of the virus and introduce new ones specifically as a result of the virus – there are numerous examples on our website. As it has become safe and appropriate to do so we have reintroduced many services, often with changes in place to protect patients and staff.

**1) As of 30th September 2020, please detail the number of patients waiting for all treatments, broken down by specialism and current weeks waited. Please ensure that the number waiting more than 36 weeks and more than 52 weeks is included.**

- 4) I'd also like the number of patients waiting for surgery, broken down by specialism and by weeks waited for the same period in 2019.

Please see attached appendix for a breakdown of waiting times as requested.
