Dear

I refer to your Freedom of Information Act Request acknowledged by ourselves on 9th September 2020. Your request sought information relating to acid attacks.

You asked for the cost of an acid attack i.e. how much does it cost the NHS to treat a victim of an acid attack.

Unfortunately we are unable to calculate an accurate figure of what it would have cost for your inpatient stay and subsequent care under our Health Board including specialist treatments.

However, we are able to give you an approximate overall cost per day for a patient on our wards, as below;

Inpatient in a medical ward – £232.00 per day

Inpatient in a Critical Care ward (such as Burns) - £2362.00 per day

Please note that this is a difficult area to give costs for, due to the complex and variable nature of the care required. The costs given are indicative.

I hope this information is helpful. If you require anything further please contact us at FOIA.Requests@wales.nhs.uk.

Under the terms of the Health Board's Freedom of Information policy, individuals seeking access to recorded information held by the Health Board are entitled to request internal review of the handling of their requests. If you would like to complain about the Health Board's handling of your request please contact me directly at the address below or register your complaint via FOIA.Requests@wales.nhs.uk.
