gofalu am ein gilydd, cydweithio, gwella bob amser
caring for each other, working together, always improving

Rydym yn croesawu gohebiaeth yn y Gymraeg neu'r Saesneg. Atebir gohebiaeth Gymraeg yn y Gymraeg, ac ni fydd hyn yn arwain at oedi. We welcome correspondence in Welsh or English. Welsh language correspondence will be replied to in Welsh, and this will not lead to a delay.

Cais Rhyddid Gwybodaeth / Freedom of Information request **Ein Cyf / Our Ref: 22-I-051**

You asked:

Please enter 'No System Installed' or 'No Department' under supplier name if your Health Board does not use the system or have the department:

System definitions:

- **Accident & Emergency - A specialist system used to manage patients and patient clinical notes in the Emergency Department (ED)**
- **Digital Dictation – Device used for recording and managing natural speech, allowing staff to verbally input a patients' note into a system without having to manually input it.**
- **Document Management - Converts records into electronic format so that they can be viewed, moved around, and managed electronically on screen. Acts as a live filing system.**
- **Scheduling - Enterprise level systems that are designed to effectively and efficiently allocate resources (staff, equipment, treatment and even data) to patients at the necessary time and place. Systems in this area range from appointment booking, typically for clinic slots, through to far more sophisticated SAP-style resource allocation and scheduling systems.**

1. System type – Accident & Emergency

Supplier name – Digital Health and Care Wales (DHCW)

System name – WPAS

Date installed – 2011

Contract expiration – not applicable

Is this contract annually renewed? – No
