We welcome correspondence in Welsh or English. Welsh language correspondence will be replied to in Welsh, and this will not lead to a delay.

Cais Rhyddid Gwybodaeth / Freedom of Information request **Ein Cyf / Our Ref: 23-A-046**

You asked:

How many births has Dr Kinza Younas been involved within SBUHB which have resulted in poor outcomes? For example, births which led to a Serious Incident review, clinical negligence claim or a poor outcome.

Our response:

Under the Freedom of Information Act (FOIA) you have a right to request any recorded information held by a public authority. However, in considering your request, the Health Board neither confirms or denies whether it holds the information requested.

Section 1(1)(a) of the Freedom of Information Act (FOIA) requires a public authority to inform a requester whether it holds the information specified in the request. This is known as 'the duty to confirm or deny'.

A public authority can only refuse to confirm or deny whether it holds the information, if this would in itself reveal information that falls under an exemption.

The information that you have requested would constitute personal data relating to someone other than yourself. The Health Board is not obliged to confirm or deny that it holds information, if giving the confirmation or denial to a member of the public would contravene:

- Any of the data protection principles; or
- Section 10 of the DPA

and as such Section 40(5)(b)(i) – Personal Information, would apply.

The Health Board considers that the information you have requested constitutes the personal data of the individual involved and would be a breach of the first data protection principle. To confirm or deny would be unfair to the individual due to the reasonable expectation that this information would not be made public.

Swansea Bay University Health Board is the operational name of Swansea Bay University Local Health Board

For these reasons, the Health Board is satisfied that if it confirmed whether or not it held the requested information this would result in the disclosure of a third party's personal data.
