You asked:

Specifically can you tell me how many commercial clinical trials have been taking place in this health board during the calendar year of 2022?

This could be completed trials, or trials that are ongoing. When I say "commercial trials", I mean trials that are funded or sponsored by a commercial company such as a pharmaceutical company.

Our response:

The number of commercial studies SBUHB were involved in during 2022 is 148.
