

# Welcome to Morriston Hospital for your appointment in the cleft unit

Welcome to Morriston Hospital. One of the team will either meet you and your parent or carer in the foyer of the main entrance, or you will be asked to go to waiting area 4.

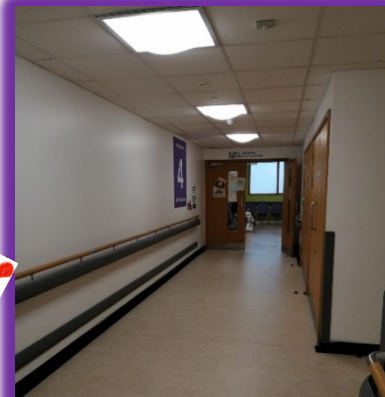

Follow the arrows down the corridor. Remember to stay 2 metres apart from other people.

Your appointment is on the first floor. You can use the lift but only two people are allowed in the lift at once.

You will walk through this area but you may be asked to wait for a short time in the waiting room. You can sit in the seats that don't have any tape on them.

When you get to the first floor, you will go into waiting area 4 which is at the end of this corridor.

You can also use the stairs. To find the stairs, we will go past the lift and just a little further you will see the door, next to the painted glass.

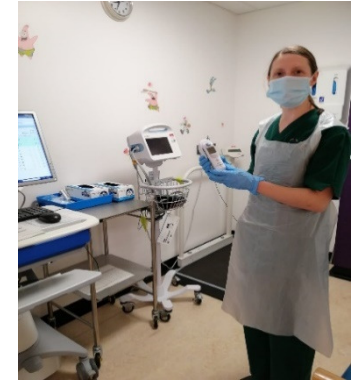

## Other things to expect during your appointment

You can use the toilet when you arrive in the department and you and your parent or carer will be asked to wash your hands.

Everyone in the hospital is asked to wear a mask to help protect us from coronavirus. Your parent or carer will be asked to put on a mask like this one. You may be asked to wear one too, if you are over 6 years of age.

You will see all of the hospital staff wearing masks but don't forget we are still the same person underneath!

Speech and Language

Psychology

Dental

Team room

Depending on your appointment, you may see one or all of these rooms. For now, there are no toys, so remember to bring a small wipeable toy to play with.

**We look forward to seeing you soon!**
